ALLOWAY DRIVING TOWARDS UNALASKA ROCKS

Plan to Complete Hotel Wing In Time For Summer Travel

Record Building Mark is Aim of Contractors in Erection of \$2,500,000 C.P.R. Structure of 270 Rooms; Work to be Rushed Night and Day in Effort to Complete Hotel Extension by September; Part May be Ready for Occupancy by July.

Completion of the \$2,500,000 wing of the Empress Hotel within seven months is the aim of the general contractors, Carter-Halls-Aldinger Co. Ltd. If the contractors realize their ambition a new speed construction record will be established here.

Expectation by the Canadian Pacific Railway to have the big undertaking completed by September next, and the possibility of having part of the building ready for occupancy by the middle of July, has been indicated by H. P. Matthews, head of the western system of Canadian Pacific hotels at Winnipeg.

URGENTLY NEEDED
The additional hotel space is urgently required to take care of the summer rush of tourist travel, and a supreme effort will be made to have a section of the new structure ready to accommodate some of the visitors who arrive when the rush is at its height.

Seven months is a short time in which to construct for occupation a hotel of 270 rooms with baths, the main portion of which will comprise seven full floors. This, however, is the goal which has been set by the contractors, and a determined effort will be made to complete the building within that time.

Two months have been lost in starting the contract as it was planned to commence the foundation work about the middle of December. Actually the start on the foundations was made on February 1. "We shall rush work night and day in an effort to complete the contract as early as possible," to-day said Samuel Fox, who is in charge of the work here for Carter-Halls-Aldinger.

FOUNDATIONS DIFFICULT
Mr. Fox, however, declined to tell himself down to any time limit because, he said, "we have a difficult job on the foundations. The sinking of seventy-foot steel caissons, the sub-contract for which is being carried out by the Kennedy, Keith Construction Company, of this city.

CAN BE DONE
"We built a similar wing to this at Banff in seven months," commented Mr. Fox.

"If we have no more difficulty with the foundations than we expect, we hope to have the contract completed by September," said P. E. Hall, partner of the contracting firm, speaking over the long-distance phone from Vancouver to-day. Mr. Hall expects to be in Victoria within the next few days to inspect the work as far as it has progressed to date.

EMPLOY MANY MEN
Several hundred men will be employed on the contract by the time it has reached a more advanced stage. The building, which will follow the Chateau type so familiar with Canadian Pacific eastern hotels, will have a 200-foot frontage on the Causeway and will extend 220 feet along Humboldt Street.

The additional 270 rooms, each of which will have its private bathroom, will bring the total accommodation of the hotel up to 550 rooms.

The main section of the extension will run to seven complete floors with basement and an additional floor in the high-pitched dormer roof.

INCREASE SHOWN BY CANADA'S REVENUES

Ottawa, Feb. 11.—After the lapse of ten months, just two months before the end of the present fiscal year, the net debt of Canada stood at \$2,213,012,221, according to receipts and expenditures which had passed through the books of the Finance Department up to the end of January. On the same date a year ago, the net debt of the Dominion totaled \$2,274,331,554. Consequently a decrease of \$60,419,233 is shown when the two amounts are compared.

CONTROVERSIAL ISSUES COMING BEFORE HOUSE

This Week's Programme Promises to Produce Lively Debate

Members Fill Order Paper With Questions; to Take Up Bills

The real battles of the present session will get under way in the Legislature to-day, according to business announced on the orders of the day, issued this morning.

The first business proposed for the House as it assembled after closing up the debate on the Speech from the Throne last Friday is T. D. Pattullo's resolution demanding that Government orders-in-council be made available to the public. The Government has fought this proposal from the beginning, but there is a strong feeling in the House that the present policy of secrecy should be relaxed. Ian MacKenzie, Liberal of North Vancouver, will have the right-of-way when the question comes up to-day and lively discussion is expected to follow before Mr. Pattullo's motion goes to a vote.

The next business on the order paper is a resolution by M. Mansson, asking for a return of documents relating to a refund of taxes on land to Dr. H. C. Winch, Liberal member for Skeena. After this the House will commence a deal with Government bills already presented, and probably will spend most of this week on them.

Meanwhile many members have filed questions during the week-end sufficient to fill almost the entire order paper. The questions filed are as follows:

1. Mr. Uphill to ask the Premier the following:
1. Was one John Dunford appointed to look after land-settlement schemes throughout the Province?
2. How much has been paid up to date?
3. Has he been guaranteed a steady position, and at how much per month?
Col. Peck to ask the Minister of Public Works the following:
(Continued on page 3)

April 15 Set For Execution Of Northcott

Riverside, Feb. 11.—Gordon Stewart Northcott, convicted slayer of three boys on his Wineville ranch, to-day was sentenced to be hanged for his crime on April 15. Superior Judge George F. Freeman pronounced sentence.

No Division On First Debate In Ottawa Commons

Ottawa, Feb. 11.—No amendment to the Address in Reply to the Speech from the Throne will be moved in the Commons. This was a statement made by Hon. R. B. Bennett, Conservative leader, who spoke this afternoon.

NEW STORE BLOCK FOR YATES ST.

Luney Bros. to Erect \$20,000 Structure for P. J. Hobson and Wyman Ellis

Will Erect Second Building on Yates Street if Demand Warrants

An immediate start is to be made on the erection of a \$20,000 brick building on the north side of Yates Street, between Vancouver and Cook Streets, for P. J. Hobson and Wyman Ellis, following the completion of the negotiations on Saturday.

Luney Bros. will do the work, on plans prepared by Col. W. Ridgway-Wilson. The firm of Wallace & Archer acted for the owners.

The building will be fifty by eighty feet, with two stories on the ground floor. Provision for additional stories later, as required is being made. The construction will be brick, with tile front, and will embody the latest improvements in design for this class of building. Applications for tenants are now being called through the agents.

MAY BUILD ANOTHER
A second building may be erected on the south side of Yates Street on the property owned by the Messrs. Hobson and Ellis, either for store or garage purpose if the demand warrants. The property is seventy-two by 120 feet.

PROMINENT CALIFORNIANS
P. J. Hobson, formerly of California, came to Victoria at the time of the city's land sale in 1925, and became interested in the investment possibilities here. He remained to take up residence and has carried out an extensive building programme on his holdings.

Wyman Ellis, a friend of Mr. Hobson, recently came to the city to look things over, and became associated with Mr. Hobson in his present venture. Mr. Ellis is the well-known head of an oil production company in Southern California.

ANOTHER SALE
Substantial profits are being recorded in Yates Street property, with the steady extension of building there and the decrease in available frontage.

Purchase of sixty feet on Yates Street between Vancouver and Cook Streets, and just east of Plimley's Garage was completed to-day by a wealthy man who has come here to make his home. The sale was put through by C. E. Yearwood, head of the realty department of Femberton and Son. The vendor is a Los Angeles representative here by Harry Leach, who induced here to buy the property last year. By to-day's sale she nearly doubled her money.

SCOTTISH FOOTBALL

Glasgow, Feb. 11 (Canadian Press Cable).—In a game in the First Division of the Scottish Football League to-day, Aldrie defeated St. Mirren by 3 to 0. The game was played at Aldrie.

Vatican Treaty Signed To-day

Rome, Feb. 11.—After more than half a century of estrangement, peace was formally established to-day between the Holy See and the Italian Government, marking one of the most momentous chapters in the modern history of the church and state.

Representing the Vatican and the Italian Government, respectively, Cardinal Gasparri, famous Papal Secretary of State, and Premier Mussolini placed their signatures on three historical documents, one a treaty solving and eliminating the "Roman question," which has existed ever since the loss of the Temporal Power in 1870, and the second a concordat designed to regulate the relations of the church and state in Italy, and the third a convention setting the financial relations between the Holy See and Italy.

STATEMENT TO-MORROW
The texts of these documents were not made public. It was announced that a synopsis would be given to-morrow, which will be the anniversary of the coronation of Pope Pius X.

While the official texts have not been made public, it is known the first "treaty" recognizes the absolute independence and sovereignty of the Pontiff, at the same time slightly retifying the boundaries of the Vatican without any great increase in its actual area. It is understood to provide (Continued on page 17)

HIS MINISTRY FACES STORMY TIMES IN JAPANESE DIET

BARON TANAKA
Premier

TOKIO CABINET WINS ON VOTE

Tanaka Ministry Upheld On Test After Warm Two-day Debate

Tokio, Feb. 11.—A motion of no confidence in the Government was defeated, 249 to 185, yesterday during the session of the Japanese Diet, which has known in its history of forty years. Unless there are unforeseen developments, the Government is expected to weather the remainder of the session.

The vote climaxed two days of torrid debate during which the Minseito Party, President Hamaguchi leading, brought up its heaviest oratorical artillery. Frequent recesses were necessary owing to the uproar resulting from the denunciations of various Ministers.

This barrier cleared, the ability of Premier Tanaka to finish out the session is believed to be assured, although it is admitted the opposition attacks, based on the bombing and killing of the late Marshal Chang Tso-lin and the general policy toward China, have weakened his standing with the public.

During the debate a strong police cordon was thrown around the Parliament Buildings and traffic was diverted.

Many Flowers Sent to Foch

Paris, Feb. 11.—Marshal Foch was overwhelmed this morning by a flood of flowers sent him by the French people. "Do you think my end is near?" Dr. Heitz-Boyer, his physician, reassured him, telling him people of the United States usually cheered their convalescents in that fashion.

The physicians this morning found the Marshal's general condition showed an improvement and that he was able to eat almost normally.

Visits of friends to the sickroom, however, would continue to be prohibited, one of the doctors said.

CALIFORNIA GIRL SETS PLANE RECORD

Mines Field, Los Angeles, Feb. 11.—Miss Bobby L. Trout, Los Angeles girl pilot, landed here at 10:18:33 to-day, setting a new world endurance flight record for women of 17 hours, 3 minutes and 37 seconds.

LITTLE JOE

SOMEONE IS ALWAYS READY TO TURN DOWN AN IDEA YOU THINK UP.

VANCOUVER GIRL FOUND MURDERED

Denis W. Barclay Held By Police Following Death of Miss Pearl Baglole

Detectives Believe Tragedy Was Outgrowth of Religious Mania

Vancouver, Feb. 11.—Pearl Baglole, twenty, said to be an art teacher, was found strangled to death this morning in the suite on Melville Street of Denis W. Barclay, said to be a member of a well known English family. Barclay is being held by the police for investigation. Police believe both Miss Baglole and Barclay had been under the influence of a form of religious mania following psychology lectures which they attended some time ago.

The body of Miss Baglole was found when Barclay's room was visited after he had made rambling remarks to other tenants of the apartment.

Barclay, in a statement to the police was incoherent. He said: "I do not know what happened. I know the Lord loved Pearl. I had a vision of the Lord and the Lord spoke to me and told me that He loved her."

The body of the girl lay near the door of the apartment, dressed in a jade green tea gown. Except for bruises on the neck and face, there were no marks of violence.

HEARD CHANT
Miss Baglole's death is believed to have occurred about 8 a.m. to-day. At about 5 a.m. W. E. Lamb, son of the house proprietor, who slept next door to Barclay's room, said he was awakened by a wailing prayer in the young English room.

"God, God, God," wailed a man and a woman repeatedly in a drowsy sort of chant.

Later Barclay visited another acquaintance in the house and talked about being under the influence of a psychology.

To detectives he spoke of holding a séance in a local hotel. He said he was going to hang himself on a flagpole and mumbled something about jumping off a pier.

TELEPHONE CALL
It was learned at the rooms on Nelson Street that Miss Baglole had occupied, that on Sunday evening the girl had received a telephone call. She seemed much excited and rushed from the house.

The managers of the apartment house said: "Pearl was a beautiful girl and had a lovely disposition, but I have feared something like this. She seemed excited after hearing some psychology lectures some time ago."

C.N.R. Branch Line Plans Are Made Public

695 Miles in Three Years; Prairies Get Most; B.C. Also Will Benefit

Montreal, Feb. 11.—The Canadian National Railways propose to build during the next three years branch lines having a total mileage of 695, the largest portion being in the wheat-growing areas of the prairies, with a twelve-mile cut off in British Columbia, west of the Yellowhead Pass, and rehabilitation of the branch on Lulu Island, at the mouth of the Fraser River, and the building of nineteen miles of line in that district for industrial development.

Captain and Crew Refuse To Leave Vessel As Long As Hull Remains Sound

Entrust Their Lives to Strength of Old Hull, Which Is to Be Scrapped if it Ever Reaches Japan; Ninety-mile Gale Pounds Vessel While Rescue Ships Look On Helplessly; Ss. Bronnony Forced to Give Up Tow After Laboring for Several Hours; Alloway Using Sea Water in Boilers; Fuel Pump is Clogged.

HIS TRAIN BOMBED

PRESIDENT PORTES GIL
Of Mexico

DOUKHOBORS' FINES ARE \$400

Five Sons of Freedom Sentenced at Nelson on School Charges

Nelson, Feb. 11.—Five Sons of Freedom, members of a Doukhobor religious sect, were sentenced here to-day to pay fines aggregating \$400. They were found guilty on Saturday on twenty charges of interfering with school activities in the Glade, Pass Creek and Brilliant vicinities.

A sixth, Paul Wlasoff, who recently arrived here from California, is being held by police until it is ascertained whether his entry into Canada was legal. He lost his citizenship rights in California.

John Zerubin, the police could not identify and the charges against him were dismissed. All charges against Tom Wolken, a recent arrival from Saskatchewan, had been withdrawn early.

FINES ARE \$20
The fine set in each case was \$20, with the alternative of three months in jail, the sentences to run concurrently. The one woman convicted, Anastasia Zerubin, was sentenced to serve her term at Oakalla should her four sons remain unpaid. Her son, John Perspeklin, who was found guilty on seven charges, asked her sentences should be transferred to him that she might go free. When he learned this was impossible he directed his friends to find money to pay his mother's fines.

Promises of good behavior were made by the five, who accepted their sentences with laughter. Her son, Sons of Freedom who crowded the court room seemed likely to become rebellious, but police ordered them out of the court. They then gathered on Baker Street and held a song service.

Prince of Wales Ceases Hunting

London Express Says Heir to Throne Temporarily Abandons Riding to Hounds

London, Feb. 11.—The London Express to-day said the Prince of Wales had decided to abandon hunting and point-to-point racing and would sell all his hounds.

His decision was said to be due to his rapidly increasing duties in consequence of the illness of King George, his father.

SALE IN LEICESTER
It was understood the sale would be held in Leicester in about a fortnight. The newspaper, however, implied the Prince did not intend to abandon his favorite sport, saying he was giving it up "for the time being."

In emphasizing his well-known delight in hunting, The Express described the abandonment as an act of self-denial, entailing considerable sacrifice.

ATTACK ON GIL STIRS MEXICANS

President Narrowly Escapes Death When Train Dynamited; Fireman Killed

Unexploded Bomb Found at Offices of A. Saenz, Presidential Candidate

Mexico City, Feb. 11.—The greatest excitement Mexico City has known since the assassination of President-elect Alvaro Obregon prevailed here to-day.

Police guards were doubled because of the dynamiting of the train on which President Portes Gil was returning here yesterday and discovery shortly after midnight of an unexploded bomb at the campaign headquarters of Aaron Saenz, Presidential candidate.

Saenz is Governor of the State of Nuevo Leon and candidate of the National Revolutionary Party for the Presidency and is a son-in-law of former President Calles.

In the attack on the President's train the fireman was killed and the locomotive and the first two cars were derailed.

President Portes Gil arrived here shortly after one o'clock this morning aboard the special train which had been the object of a bomb attack in the State of Guanajuato, between the stations of Comonfort and Rincon.

Smiling, the President greeted officers and members of his staff from the observation platform of the last car before leaving with Senor Portes Gil and their baby daughter in an automobile for Chapultepec Castle.

TOTAL FUNERAL
Adding to the Sunday excitement were demonstrations accompanying the funeral of Jose de Leon Toral, General Obregon's assassin, who was executed Saturday. Of thirty-four persons arrested, twenty were women. One person was killed and thirty were wounded.

Mexico City police had their hands full at the Toral funeral. A motor hearse carried the body to the Spanish Cemetery on the outskirts of the city. As it passed through the streets, a crowd fell in behind, with women here and there breaking through police lines to grab a flower from the hearse.

Neither the father, mother nor widow of Toral was able to participate in the service.

STONES THROWN
There were frequent clashes between the police and crowds of mourners, many of whom threw stones to emphasize their feelings.

It was in these clashes a man was killed and others injured.

Many of the mourners stayed at the cemetery to pray long after dark. Others, on their way home, stoned the home of Felipe Idoia, superintendent of the penitentiary where Toral was executed. There was little damage.

(Continued on page 17)

LEADERS SHARE IN OPENING DEBATE IN FEDERAL HOUSE

With their lives entrusted to the strength of a hull which is destined to be scrapped if it ever reaches Japan, thirty-four officers and men aboard the disabled freighter Alloway were to-day wallowing through a ninety-mile gale while would-be rescue craft loomed on helplessly. Twenty-three of the crew signed on at this port and much apprehension for their safety is felt by their relatives here.

The exact plight of the steamer was unknown here to-day as the radio had brought no word since last yesterday. The steamer Bronnony, which yesterday gave up an attempt to tow the Alloway when the helpless ship became unmanageable, presumably was still standing by. The Montauk, another rescue ship, was also assumed to have reached the stricken steamer.

The Alloway's signals were so weak they could barely be heard by the naval radio at Dutch Harbor. It was assumed in the absence of messages, that there was little change in the condition of the ship.

IMPOSSIBLE TASK
Early yesterday the Bronnony, apparently unaware of the former American Shipping Board craft's distress, passed by the Alloway, but subsequently put back and took her in tow. After laboring for several hours against the tossing sea, the master of the Bronnony found the task an impossible one and offered to take off the freighter's crew. Capt. H. Throckmorton refused to abandon the ship as long as her hull was sound.

The Montauk, which was ploughing through seas to her assistance, offered encouragement. Her master, Capt. J. J. Realey, radioed:
"We will stand by you even though the Bronnony can not tow. If we can not tow you will do everything we see that you and crew and ship are safe."

CLOSING ON SHORE
The Alloway was in no immediate danger, the message said. But she was being driven before the powerful wind toward the rocks of Unalaska Island, which was seventy miles distant at 4 p.m. yesterday. The assisting craft, if they are able to again take the Alloway in tow, will probably attempt to take her in to the shelter of Unimak Pass, where she can ride at anchor until the gale subsides.

The only damage to the Alloway at present is the disabled engines. Her boilers were reported "priming" badly and the fuel pump was stopped entirely. The boilers were filled with sea water as the ship is nearly out of fresh water.

The Alloway was first reported in distress Friday morning, but when the three steamers were rushing to her aid, the radioed that emergency repairs had been made and she was proceeding at four knots an hour toward Dutch Harbor. Then late last night her weak radio signals suddenly sent out a call for "immediate assistance."

ROCKET SLED MAKES 235 MILES AN HOUR

Munich, Germany, Feb. 11.—Max Valler, who has been experimenting with rocket cars, yesterday attained what he claimed was an average of 235 miles an hour in testing a sled equipped with eighteen rockets on the ice on Stangerger Lake. The rockets were fired in five series at intervals of one and a half seconds.

(Continued on page 17)

ROCKET SLED MAKES 235 MILES AN HOUR

no doubt going into details of the administration during the session and further into the legislative programme to be introduced. It is understood the Government has some twenty-five bills ready for the House so there will be no delay for lack of business even if the debate on the address is shorter than has been the practice in former years.

Mr. Bennett will be the first to speak and it is expected he will indicate the attitude the official Opposition will take during the present session.

Durant Success a Business Romance!

CANADIAN financial and automobile publications attribute the remarkable success of Durant Motors of Canada Limited not only to the management and the product, but to the loyalty of the factory and dealer organizations.

Authorities state that the plant and equipment are thoroughly modern, making for utmost economy in the building of Durant cars and Rugby trucks; that the financial position of the Company is thoroughly sound, enabling the management to purchase materials to the greatest advantage; that the factory staff is directed by thoroughly capable and experienced automobile experts and that an enviable spirit of loyalty is to be found in every department and throughout the Dominion-wide dealer organization.

This loyalty which extends to the purchaser through the dealer has, in turn, produced a "pride of ownership" which every Durant user "feels" and thus new buyers are attracted to the Durant line and to the Company responsible for such a happy condition.

The evidence of hundreds of Durant owners, as contained in letters to the Company, is to the effect that they are getting better value than they expected.

This testimony, following upon the written conclusions reached by independent authorities, as stated above, explains in part at least, the reason for one of the most interesting and successful business romances in the annals of Canadian history.

the most outstanding annual of Western Canada since its inception ten years ago, and the issue just published under the able editorship of W. A. Doy Munday, F.R.G.S., sets a new standard of achievement in this interesting record, in which stirring events in the history of the West and North are told by men who took part in them.

Tales not told in the files of the force, early days on the Western plains, the trails of the golden Yukon and the Arctic frontier furnish a fund of stories that lose nothing in fascination by being true.

New and old contributors such as Harwood Steele, Dr. B. G. MacBeth, Rev. Geo. C. F. Pringle, Major-General W. A. Griesbach, "Wassche" Koska, E. P. Bishop, H. A. Leon de Araya, D. E. Cameron, A. H. Gibson, Ven. H. H. Heathcote and many others, maintain the distinctive atmosphere of Scarlet and Gold, and insure an appeal to a wide variety of readers. The issue is beautifully illustrated and some of the views are exclusive. The present-day members of the Royal Canadian Mounted Police ought to find it of special interest as recording deeds which gave the force its splendid traditions of duty unflinchingly performed.

CHRISTIAN SCIENCE CHURCHES

The subject of the lesson-sermon in all Christian Science churches and societies on Sunday was "Spirit." Among the Bible texts included in the lesson-sermon was the following from Luke 11, 17: "But he, knowing their thoughts, said unto them: Every kingdom divided against itself is brought to desolation, and a house divided against a house falleth."

The lesson-sermon also included the reading of citations from the Christian Science textbook: "Science and Health With Key to the Scriptures," by Mary Baker Eddy, one passage being as follows: "Spiritual causation is the one

PROBATES ISSUED

Probates and administrations issued out of the Supreme Court last week include the following estates:

William Stewart, late of Edinburgh, Scotland, who died on March 20, 1927, estate \$108,057.

question to be considered, for more than all others spiritual causation relates to human progress." (Page 179).

Doukhobors Found Guilty

Five Convicted at Nelson of
Interfering With Work
of Schools

Three Others Bring Witnesses
At Adjourned Hearing
Before Magistrate

Nelson, Feb. 11.—Five members of the Sons of Freedom, Doukhobors, were found guilty of interfering with public school procedure following an all-day session in a local court Saturday. Three members who, despite being identified by the school teachers, declared they were not present with the Sons of Freedom when they withdrew children from seven schools in the Doukhobor communities, were remanded until to-day for further hearing, when it was said they would present witnesses. Charges against one Doukhobor were withdrawn. The five found guilty still face three additional charges.

It was a crowded courtroom that faced Magistrate John Cartmel and the trial proceedings were drawn out owing to the necessity of an interpreter being employed.

Of the five adjudged guilty on five separate charges, one is a woman, Anastasia Zerkun, who started a sermon during the trial declaring "I am Alpha and Omega, the beginning and end."

She prevailed upon to stop her oration. All the fanatics charged declared themselves "not guilty according to our laws."

300 FANATICS MARCHED

Evidence produced by eight teachers from Brilliant, Glade and Pass Creek, showed the demonstrations which took Doukhobor children from their schools were started January 8. They continued until January 14, when eight schools had been closed through lack of pupils. All the teachers told similar stories. From 100 to 300 fanatics visited the schools, and while the majority chanted outside, the leaders went inside the schools and ordered the children out. Banners were carried by the fanatics. One banner read outside the Glade school read:

"Present school education is egotistic and selfish. Most people go to school to acquire ability to live on easy street, such as evildoers, fraudsters and powerful exploitation of the working people, the toilers of the land."

One of the teachers was told by the fanatical leaders that they did not object to her as a teacher, but objected to her receiving a salary. If she taught without a salary she would starve, but, declared the fanatics, if she joined the Sons of Freedom she would never starve.

At one stage in the case the magistrate found three of the fanatic guilty and the sole woman declared: "I find Magistrate Cartmel guilty."

DISCHARGED AT ONCE

The magistrate replied: "I think I'll let myself off."

Several of the teachers declared the Community children did not wish to leave the schools, but were frightened into doing so by the fanatics. They thought it better to leave the schools and return later.

Two of the accused offered excuses that they had taken part in the demonstrations "on the teachings of Christ."

THE OUTLOOK

"Civilization will lead us to destruction," declared one of them.

"It will if they continue to buck it," replied the magistrate.

Perpetin, one of the accused, declared on the stand: "Schools are against our religious ideas. We cannot serve God and man at the same time. We are civilized and enlightened people. If the people understood the teachings of Christ they would not have to read the Bible. I am in favor of schools, but not those schools where children are taught to carry firearms."

TWO MANAGERS SUFFER FINES

Men Who Handle Tommy
Loughran and Armand
Emanuel to Pay \$250

Los Angeles, Feb. 11.—Joe Smith, manager of Tommy Loughran, light heavyweight champion, and Charles Emanuel, father-manager of Armand Emanuel, San Francisco heavyweight, have been fined \$250 each by James Woods, member of the state athletic commission.

Woods, in announcing the fines, declared they were slapped upon the two managers as a result of the row precipitated by Smith and Emanuel over the judges selected by Woods before the Loughran-Armand Emanuel fight here last Tuesday night. Both managers threatened to take their fighters out of the ring unless referees Abe Roth was permitted to judge the fight alone. Rather than spill a promised show for a capacity

Wolf Poitras Wins Ski Jumping Title

Ottawa, Feb. 11.—The title of Ontario ski jumping champion will rest this year on the broad shoulders of Wolf Poitras of the Ottawa Ski Club, who on Saturday, in the provincial title meet held at Rockcliffe Park, took

first place by virtue of two leaps of 112 and 110 feet. Closely pressing the French-Canadian star was Rolf Anderson, also of the local club, with jumps of 111 and 110 feet.

Rolf Sivertsen of Montreal, former Ontario and present Dominion champion, jumping with a pair of unrivaled skis, fell on his first effort of 111 feet and finished twenty-eighth in the standing.

a New Year -a New City -a New Loaf

THE Year of Promise is here with all that it holds for our new city and our province.

In the true spirit of the occasion, your Fourx Baker has prepared you a new loaf... a delicious, tasty, tempting loaf... a loaf so delightfully different to any you have yet tasted, and healthful withal... a Whole Wheat loaf with an abundance of tender, juicy raisins to add your ration of iron.

Just taste one... soon... toasted or plain, as you may prefer... we promise you a treat you will not quickly forget. Whether you appreciate Whole Wheat and Raisins for their health-giving qualities, or simply enjoy good fresh bread for the balance it gives to any meal, "Fourx", Raisin-Wheat Bread will please you and your family by the satisfying change it gives.

For over twenty years the "Fourx" Bakery Service has been faithfully serving B.C. homes... growing as the province grew, from a small beginning in Vancouver to the largest and most up-to-date bakery in the West... extending their service as the needs of our growing cities demanded... ever striving to maintain that dependable service on which over 98,000 women have learned to rely.

This new loaf is an achievement of which we are proud and fully maintains the high standard of 4X quality. Order one tomorrow.

Let "Fourx" be Your Baker
for a Carefree '29.

SMITH & CHAMPION
THE BETTER VALUE HOUSE LIMITED
1420 DOUGLAS ST.

Mr. Hayward to ask the Minister of Public Works the following:

1. What amounts have been authorized from the various road loans since January 1, 1928, for each electoral district?

2. On what roads or other work have these authorizations been made (if any)?

3. What are the amounts authorized and expended to date on each respective road or other work in each electoral district?

4. Have any of these road loan authorizations been cancelled?

5. If so, what are the dates of cancellation, and for what reason were they cancelled?

Mr. Borden to ask the Minister of Public Works the following:

1. What sum of money was allocated to the Electoral Riding of Revelstoke by the Department for the fiscal year 1928-29?

2. What sums were actually expended?

3. During which months of the year was such money expended, with the amount expended for each month?

4. What sum was allocated to the Riding of Revelstoke for the year from the Loan Bill?

5. What amount was expended?

6. During which months was the money expended, with the amount for each month?

7. What was the total overexpenditure (if any) in the Revelstoke Riding during the fiscal year 1928-29: (a) for maintenance; (b) from Loan Bill?

8. What are the names, rank, and salaries of each official?

9. What was the total amount expended on works and buildings, roads, streets, bridges, wharves and ferries for the fiscal year 1928-29?

10. What was the estimated expenditure for salaries of the administration staff for the fiscal year 1928-29?

11. How many are employed?

12. What are the names, rank, and salaries of each official?

13. What is the estimated expenditure for works and buildings, roads, streets, bridges, wharves and ferries for the fiscal year 1928-29?

Comparison at the Motor Shows is Showing the Country

that the new Nash "400" is the only car of all the new cars that offers all these important features as standard equipment... at no extra cost

THE new Nash "400" not only gives you all the important 1929 refinements listed above, but gives them to you without one single cent of extra cost. All motor cars have two prices—the factory (f. o. b.) price, and the delivered price. If the delivered price includes the extras, charged for at retail prices, you'll find your car costing a lot more than you anticipate.

Some dealers (not Nash dealers)

charge as much as \$50 or \$60 for bumpers alone. On the new Nash "400" you'll find every necessary accessory... hydraulic shock absorbers... bumpers, front and rear... even tire locks... installed at the factory... at no extra cost. That means a very much lower price, delivered, fully equipped. The Nash "400" leads the world in motor car value!

HOW TO SAVE \$200,000

FROM INQUIRIES WHICH NOW
are being made by those who did not take
the trouble to vote for or understand the Technical
School bylaw it is becoming apparent that
it might have passed easily the second time if
the vote had been got out. Here is a re-
minder that the Board of School Trustees
should perfect its organization for the next oc-
casion.

For the benefit of those taxpayers who
have not grasped the economic feature of the
proposal we repeat the essential details of cost
in respect of the two alternatives:

A new High School—which will be necessary
if a Technical School shall not be built—
would cost between \$350,000 and \$400,000.
All this money would have to be pro-
vided by the taxpayers.

A Technical School—which would re-
lieve the serious overcrowding condition at the
High School—would cost \$250,000 to build
and equip. Only \$145,000 of this would
have to be furnished by the taxpayers of Vic-
toria. The rest would be contributed by the
Government in the form of a grant.

In other words, the taxpayers may solve
a serious educational problem for \$145,000.
If they do not do it at that price they will be
compelled to do it at the higher price. One
or other of these schools must be built at once
to meet present requirements.

A CANADIAN FLAG

IN THE NAME OF MR. C. R. McIN-
tosh, Liberal member in the House of Com-
mons for North Battleford, stands a resolu-
tion asking Parliament to appoint a special
committee to consider the advisability of adopt-
ing a Canadian flag.

The great majority of the Canadian people
no doubt are wondering how much longer this
Dominion intends to wait before she puts herself
on an equality with the other Dominions and
gets a flag of her own. It is certainly an
anomaly that Canada, the most populous Do-
minion with the exception of Great Britain, has
no emblem of her own.

Australia, New Zealand, South Africa, the
Irish Free State—and, of course, Great Britain
as the senior Dominion—have their own
distinctive symbols. Canada's sole distinctive
flag is the ensign adopted for her shipping by
Sir John A. Macdonald.

Canadians had a painful reminder of the
absence of a national flag at the Olympic
Games at Amsterdam last year. All the other
Dominions flew their own; but when Percy
Williams and other Canadian competitors
started the world with their successes we could
not properly follow their example.

We may expect, of course, that Mr. Mc-
Intosh's resolution will produce the usual crop
of objections from the fast-dwindling minority
which regards the discussion of a Canadian
flag as nothing short of rank treason. We shall
be told that the Union Jack is good enough,
that we ought not to have a flag of our own
merely because the other members of the Britan-
nic Commonwealth have their own, that a move
of this kind will be a step towards a weaken-
ing of Empire ties, and so on. All this is sheer
nonsense.

There is general agreement that the Union
Jack should appear on any Canadian design
that may be adopted. This emblem typifies
the union of England, Wales, Scotland and
Ireland. Canada's flag should be emblematic
of the wider union of the United Kingdom with
herself.

ONE WAY TO HELP

WE ARE TOLD BY A CONSERVA-
tive contemporary that serious consid-
eration of the condition of the coal mining in-
dustry should be given while the Legislature
is in session.

This is advice over which the House might
ponder. It already is well known that the mines
of British Columbia would be able to ship much
more coal to the United States if it were not
for the duty of fifty cents per ton which im-
porters in that country have to pay on supplies
they obtain from this province. This tariff is
imposed by our neighbor under the Fordney-
McCumber schedule—which is retaliatory in
its operation. Hence, if Canada admitted
United States soft coal free, the United States
also would admit Canadian coal free.

The Folmie Government already has
opposed Nova Scotia's application for an in-
crease in the duty on soft coal coming in from
the United States. It likewise knows that the
Crows Nest Pass Coal Mining Company has
asked the Tariff Advisory Board to remove
the duty altogether and thus widen the market
for that company's product by something like
1,500,000 tons annually.

The industry on Vancouver Island, of
course, is vitally interested in the United States
market. More business could be done with
the neighboring states if it were not for the
handicap of that fifty cent duty. British Co-

lumbia would have nothing to fear from free
trade in coal. Our imports largely are con-
fined to hard coal from the East; but this
comes in in small quantities only.

The coal deposits of Canada are situated
in the East and in the West, those of the United
States in the central sections. Central Canada
depends to a considerable extent upon that part
of the neighboring republic which adjoins it for
its coal supplies. The cost of hauling Cana-
dian coal, either from British Columbia or
Alberta or Nova Scotia, militates against the
exploitation of the home markets; it leaves us
free, however, to sell in those markets in the
United States which are near to Canadian sup-
plies.

If the Legislature desires, therefore, to show
its willingness to assist the coal mining industry
of this Island and Province as a whole, it may
put itself on record in favor of removing the
duty on coal which we import from the republic
on the South. The Government at least might
take the lead in making this practical gesture.

WALLED IN BY TARIFFS

IN THE CURRENT ISSUE OF THE
British Review of Reviews Sir Clive Mor-
rison-Bell, Conservative member in the House
of Commons for the Honiton division of Devon,
draws attention to the anomalous condition of
the post-war world in which the nations are
constantly seeking agreement on political, mili-
tary and naval questions, and yet are steadily
shutting themselves off from one another by
raising barriers to international trade—tariff
walls.

Sir Clive is the author of the famous Map
of the Tariff Walls of Europe, and in the
article to which we refer he alludes to the In-
ter-parliamentary Commercial Conference at
Versailles last June, when thirty different coun-
tries sent delegates. On this occasion the Map
was placed in the hall adjoining that in which
the deliberations took place—the Vestibule
Napoleon—in order that the delegates might
get a sort of bird's-eye view of post-war Europe.

Among those who inspected the Map was
the President of France, and Sir Clive wonders
whether he was struck by the same idea as
struck himself: "What would that silent brood-
ing figure, the Great Napoleon, be thinking as
he surveyed the present state of Europe with
its tangled mass of barriers and obstructions to
international commerce?" He speaks for Napo-
leon: "What a muddle you Moderns have
contrived to make of Europe!"

The author of the article sums up condi-
tions as he sees them by reminding the world
that "these excessive barriers to international
commerce are seriously retarding post-war re-
construction, and that, if persisted in, will in-
evitably lead to financial and economic chaos."
The following table speaks for itself:

Relative Scale of Tariff Walls	
Albania	15
Austria	14
Belgium	10
Bulgaria	17
Czechoslovakia	18.5
Denmark	9
Estonia	15.5
Finland	13
France	16.5
Germany	15.5
Greece	15.5
Hungary	19
Ireland	12
Latvia	16
Lithuania	15
Italy	16
Netherlands	8
Norway	12.5
Poland	22
Portugal	15.5
Roumania	21
Russia	7
Sweden	19
Switzerland	11.5
Spain	20
Turkey	14
Yugoslavia	20

Sir Clive says the crisis which he seems to
think almost inevitable may bring forth the
statesman, or the statesmen, capable of bring-
ing order out of chaos; but he sees grave danger
in waiting for a Heaven-sent leader.

HAS IT A POLICY?

ARE WE TO ASSUME FROM MR.
A Twigg's reference to the need of an im-
migration policy for British Columbia that the
Government has no settled plan in spite of its
appointment of a Commissioner of Immigra-
tion and Colonization?

It was quite to be expected, of course, that
the morning paper would applaud any mention
of this subject if only to use it as an excuse to
tell us once again that the King Government
prefers foreign-born to British settlers. Many
of its contemporaries that are hostile to the Ad-
ministration at Ottawa have been fair enough
to denounce this sort of misrepresentation; but
one or two opposition journals prefer to treat
the subject unfairly.

Perhaps Mr. Twigg's remarks will remind
the Premier that nothing he or any of his
colleagues have said so far has given the
public of this province any inkling of what it
is proposed to do to induce more settlers to come
to British Columbia. A good deal of theoriz-
ing has been done by the Government's prin-
cipal newspaper supporter; but we are not in
a position to judge how far its views are shared
by the Government.

We recall, incidentally, that the morning
paper had very different views on the subject
of immigration a year or so ago. Then we were
told that new people should not be brought to
the province unless jobs awaited them. Mr.
Pattullo's proposals at that time were bitterly
attacked.

NOTE AND COMMENT

The family album is coming back, it is re-
ported, but its companion, the gas jet that could be
turned down low, has departed forever.—The
Pittsburgh Post-Gazette.

The ex-Kaiser reached the age of seventy re-
cently, he having taken good care of his health
at a time when many of his countrymen lived
dangerously.—Toronto Star Weekly.

Two large manufacturers of perfumes and
cosmetics are planning to merge, and we suppose
that if the public does not keep on its guard the
first thing we know the lipstick trust will have
become a national menace.—The Waterbury Re-
publican

TWENTY-FIVE YEARS
AGO TO-DAY

The Victoria Daily Times, Feb. 11, 1904.

The schooner Jessie, Captain Hagan, sails
for sea to-day. She has already an Indian crew,
and after leaving port will proceed direct down
the coast.

London, Feb. 11, 7.30 p.m.—A dispatch to
Reuters' Telegram Co. from Tokio, dated
7.10 p.m. yesterday, says an unofficial report
was current there that the Russian Fleet was
destroyed, four battleships and three cruisers
being sunk, and that two Japanese warships
were damaged in an engagement yesterday
off Port Arthur, the Japanese getting between
the Russians and the entrance of the harbor
before the fight commenced.

The legislature was prorogued this eve-
ning shortly after 9 o'clock.

From 7.30 Tuesday evening until 2 o'clock
yesterday morning, the steamer Watcom,
Captain Carter, struggled against such a wind
storm as she had never previously experienced
on the Victoria and Sound route.

The fifth annual masquerade ball of the
local serie of Eagles was held last evening at
the Assembly Hall. There was an attendance
of 500.

Captain John Irving arrived from the
Sound last evening on the C.P.R. steamer Prin-
cess Beatrice.

Weather forecast—Victoria and vicinity fresh
to strong easterly winds, unsettled with oc-
casional sleet or rain.

A THOUGHT

Because strait is the gate, and narrow is the
way, which leadeth unto life, and few there be
that find it.—St. Matthew VII 14.

Rightness expresses of actions what straight-
ness does of lines; there can no more be two
kinds of right actions than there can be two
kinds of straight lines.—Herbert Spencer.

WHAT OTHER PAPERS SAY

THE VISIONS OF FORD

By Bruce Catton

It is always interesting to hear what Henry
Ford has to say about modern civilization. Few
men have influenced it as profoundly as he has;
consequently, his impressions of it and predic-
tions about it are bound to be worth hearing.

In his newest book, "My Philosophy of In-
dustry," Ford again proves himself one of the
major optimists of the day.

It is odd, when you stop to think about it,
that so few of our writers are optimists. We
live in an age of unparalleled progress and wealth;
yet most of the writing folk seem to feel that
we are moving downhill. The prevailing tone of
modern literature, indubitably, is one of pes-
simism.

But not for Ford. His book has a significance
greater than we are apt to realize; for he, better
than any other man alive, can see the tremendous
possibilities of the age and can look forward with
confidence.

Ford, for instance, believes, more than any
other man in centuries, that we can mold the
world to fit our own desires.

"Our fathers thought that life was hard, but
we are beginning to see how preventable some of
their hardships are," he writes. "We have come
to believe that there is no necessity for economic
distress in a world so richly furnished with re-
sources. . . . Economic stagnation is not natural.
The defect is not in the created order of things;
it is in the human order."

In other words—We can abolish poverty for-
ever and make hunger and want unknown things!
In what former age could a man say that without
being laughed at as a visionary?

He continues:
"Our experiences are coming faster than ever
before, both in our industrial world and in our
domestic life. Many people see in these changes
a world constantly growing worse. I do not be-
lieve this; I think we are headed in the right
direction and that we should learn to interpret
our new life rather than protest against it. We
are entering a new era. Old landmarks have dis-
appeared. Our new thinking and new doing are
bringing us a new world, a new heaven and a new
earth, for which prophets have been looking from
time immemorial. Much of it is here already.
But I wonder if we see it?"

The age of power and machinery is upon us,
whether we like it or not, and is going to stay
a time; it is easy to see only the ugly, depressing
side of it and ignore its possibilities for the
future. It is for that reason that Ford's book
is important.

The man who knows more about the age of
power and machinery than any other can look
to the future with confidence. If we are wise
we will listen to what he has to say, so that we
can make sure that the new age will shape itself
so as to bring us those great advances which it
has made possible.

The WEATHER

Daily Bulletin Furnished by
the Victoria Meteorological
Department.

Victoria, Feb. 11—5 a.m.—The barometer remains ab-
normally high over the Pacific slope and milder weather
is slowly spreading inland. Higher temperatures are
reported in the prairies.

Reports:

Lends ♠ K
East—
South (Declarer)—
♠ A K Q 4
♥ None
♦ A 7 6 2
♣ A K Q 9 3

The Bidding: South bids one spade
and all pass.

Deciding the Play: West plays King
of hearts. Should declarer take this
trick by trumping it?

The Error: Declarer trumps with
four of spades.

The correct Method: Declarer can-
not afford to be forced. He should
permit opponents to make their King
of hearts and Ace of hearts, discarding
two of diamonds and six of diamonds.
Whatever card is now led is won by
Declarer. Three trumps are then played
until opponents are forced to play the
last trump. Game is thus assured.

The Principle: Do not play the last
trump if opponents hold an established
suit but force opponents' high trump
with your established suit.

Other People's Views

Letters addressed to the Editor and in-
tended for publication must be short and
briefly written. The longer an article the
shorter the chance of insertion. All com-

communications submitted to the Editor.

USE OF ENGLISH

To the Editor:—The letter by "Par-
ent" in Saturday's Times headed "Use
of English" is a little wide of the mark,
inasmuch as the writer of the letter in
The Colonist, whom he criticizes, is
evidently referring to the shortcomings

Your Eyes Are Safe With Us
Looking
Around Us

We see many people in middle
life struggling along with poor
vision who might be enjoying
normal sight to-day if they
had consulted a competent
optician.

Be on the safe side; if you
suspect that your eyes are
failing, "see Rose and see
better."

Joseph Rose

Optician and Optometrist
1013 Government St. Phone 3451

of teachers from a grammatical and
literary standpoint and considers the
Minister of Education—an educated
gentleman—as being the one best
fitted to search out and correct their
defects.

"Parent" evidently regards the Min-
ister of Education as being unsuited
for the role, not from any lack of
scholarship or literary attainments, that
being unquestionable, he being a
clergyman of sorts; but from his use
of language, shall we say, more for-
cible than polite, when referring to his
opponents on the floor of the House;
in other words, language no gentle-
man would use.

But "Parent" should also take into
consideration that the Hon. Minister
is a clergyman, and clergymen, in lit-
erature at any rate, have always been
privileged banners and anathematizers;
witness the comprehensive ecclesiasti-
cal curse, in "Tristram Shandy," I
think it is; and that of the Car-
dinal Lord Archbishop in the "Jackdaw
of Rheims."

"He solemnly cursed that rascally
thief!
He cursed him at board, he cursed him
in bed;

From the sole of his foot to the crown
of his head,"

ending with:
"He cursed him in walking, in riding,
in flying;

He cursed him in living, he cursed him
in dying!
Never was heard such a terrible curse!
But what gave rise to no little surprise,
Nobody seem'd one penny the worse."

J. CARTMEL.

General Delivery, Victoria, B.C., Feb-
ruary 10, 1929.

A DESERVING CASE

To the Editor:—The following is an
extract from a letter received from
Reginald N. Hicks, who is now inter-
ested in a mining property in the Tulame-
ne district of British Columbia, with
Alexander Halliday, a late staff ser-
geant-major in the Imperial army, and
who also served throughout the late
war with a British Columbia regiment,
which trained at Comox, B.C. Halliday
was promoted from the rank of sergeant-
major.

"Comox, Feb. 9, 1929.
"Halliday has gone into Comox and
come back with what to me, was
a terrible tale. A man in his regiment
(name Joe Baugh), who had not only
gone through all the war with a fine
record, but had got to the very end of
it without hurt of any kind, suddenly
got a fearful attack of trench fever in
the last few days—after remaining in
a military hospital he came out with

Save Your Teeth
and you save your Health

YOU can not enjoy perfect health if
you neglect your teeth. At the roots of decayed teeth lurk
wells of poison. The road of neglect leads to impoverished
health and may ultimately lead you to hospital. . . . We
offer you the benefit of our modern methods of scientific
dental surgery. Let us examine your teeth to-day.

PLATES \$15.00

Natural appearance is important.
This, together with absolute com-
fort and accurate fit are secured
by the scientific precision methods
of our dental plate experts—and
withal, you save from

Dr. COULTAS

1309 DOUGLAS STREET (Ground Floor)
Telephone 1128

his papers marked "cured," now after
years have elapsed, he has been seized
with almost total paralysis and is a
hopeless cripple. The authorities
when applied to refuse to do anything
on the ground that his papers show
that he was cured, and that therefore
the case does not concern them,
although the local medical society says
there is no question but that the fever
caught in the trenches is the direct
cause. At the start the neighbors did
what they could, but have ceased to go
near the home because they say it
causes them pain to see a case they
cannot relieve. Reginald, Baugh, his wife
and three kids are as near starvation
as it is possible to be and live."

Steps have been taken, since receiv-
ing this letter, to see if this case and
cannot be brought up again for re-
consideration. The case has also been
looked into by Col. Robertson, D.S.O.,
of the Returned Soldiers' Board, and

it is believed it will be possible to get
the mother's pension for Mrs. Baugh.
This official relief cannot be immedi-
ate. Mr. Hicks saw that groceries
were sent last week when the ther-
mometer showed 40 below zero. It has
been (and is now) below zero for
nearly six weeks.

Mr. Hicks is so well known in Vic-
toria to playground, Rotarians and golf-
ers that I feel sure an appeal for help
will meet with immediate response and
money so received will be sent to buy
food, fuel and warm clothing for the
distressed family.

The Times and Colonist newspapers
have kindly consented to receive dona-
tions which will be sent to Mr. Hicks,
who will attend to its expenditure.

THOS. GOLBY.

ANTIPODES TO BE REPRESENTED AT CONFERENCE

Leader in Australian Technical Education To Be Here In April, Says Major Ney

Delegates from Australia and New Zealand will play an important part in the deliberations of the fourth triennial conference of the National Council of Education which convenes in Victoria for a two-day session April 5 and 6, and concludes in Vancouver with daily meetings during the week of April 8 to 13.

Word has reached Major F. J. Ney, national executive secretary, that George Jeffrey, a member of the council of the South Australia School of Mines and Industries, has been appointed representative of the Commonwealth of Australia to the conference and he will head a distinguished delegation from South Australia.

Other delegates from South Australia already assured include Sir Archibald Strong, M.A., professor of English at the University of Adelaide; Alec McIntosh, M.B., member of the board of governors of the Public Library Museum and Art Gallery, Adelaide; and Dr. A. A. London, distinguished member of the Royal Geographical Society, Adelaide branch.

NEW ZEALAND LEADER

L. B. Franklin, headmaster of the Melbourne Grammar School, and F. Milner, headmaster of the Waiaki Boys' High School, Oamaru, New Zealand, will also attend the conference.

Last summer, at the request of the executive secretary, Professor F. W. Osborne of the University of Manitoba, undertook a visit to Australia and New Zealand for the general purpose of interesting these two Dominions in the work and purposes of the National Council of Education and extended a very cordial invitation to both the business men and the educationalists of the two countries to send representatives to the conference. The invitations to those interested in education were heartily endorsed and seconded by the Boards of Education of the Commonwealth.

The visit of Mr. Jeffrey to Canada is of timely interest, as he is one of Australia's outstanding figures in the world of education. The system of schools both there and in New Zealand differ considerably from those of Canada, and the Vancouver conference will make possible an exchange of ideas between educationalists of the three Dominions which should be of value to all.

TECHNICAL SCHOOLS

Co-education is practically unknown in Australia and throughout the Commonwealth a strong emphasis is being placed on technical and vocational training both for boys and girls, administered directly by the Departments of Education and by a limited number of school boards. Since 1921, the government of South Australia in particular, has enacted a great deal of legislation which definitely places this type of instruction at the disposal of all children within the state, both in the cities and towns and throughout the country districts.

There are three types of central vocational schools—commercial schools for boys, junior technical schools for boys and home-making schools for girls. The technical schools are particularly interesting, and it is amusing to note that they are equipped to give instruction in one hundred and fifty different trades.

Of these, the South Australia School of Mines and Industries, besides being one of the oldest, is also one of the largest and most influential. Mr. Jeffrey, as a member of the council of this school, will have a most particular contribution to make to the subject of technical education in Canada.

Negro Is Hunted After Murder in North Carolina

Windsor, N.C., Feb. 11—Police Chief White of Windsor was shot and killed yesterday by a negro when he went into a tobacco warehouse near here to halt a dice game. A searching party with bloodhounds set out in pursuit of the negro in nearby swamps.

The police chief was shot six times and died in a few minutes.

Police officials here said the name of the negro they were hunting was Percy Moore. He fled after the shooting in the direction of the swamps and when the bloodhounds arrived they had little trouble following the trail.

Armed with every available weapon and carrying lanterns and flashlights, the searchers numbering several hundred were slowly beating their way through the swamp a few hours after the killing, while a cordon of automobile lights was placed around the section.

Preston Funeral Attended By Many

Carlton Place, Ont., Feb. 11—Representatives of the House of Commons of Parliament of Canada and the Ontario Legislature and a large number of municipal officials and fellow citizens attended the impressive funeral of the late Dr. Richard P. Preston here yesterday. Hundreds of persons walked in the long cortege which accompanied the body from the residence of the late member of Parliament for Lanark to St. James Anglican Church.

Hon. R. B. Bennett and more than fifty Conservative members of the Commons and the Senate journeyed from the capital to pay tribute to their late colleague.

Medical Aid Is Asked For Indians

Toronto, Feb. 11—Flying through a blinding snowstorm, Clifford Swartman, Ontario Air Force pilot, came from Pickle Lake Saturday to Sioux Lookout to ask for more aid for the tribe of Indians which is suffering with influenza in the Pickle Lake district. Swartman said twelve families of Indians at Pickle Lake and eight at Shona Lake were stricken with the disease. He did not state how many deaths had taken place.

COURT REGISTRAR RESIGNS

Montreal, Feb. 11—W. S. Walker, K.C., registrar of the Exchequer Court of Canada, Quebec Admiralty district, for more than thirty years, has sent his resignation to the Minister of Justice at Ottawa, says The Montreal Gazette.

Sports Dresses Are Prominent Among the Early Arrivals in Women's Spring Apparel

Pensioners Plan Social Functions

The general meeting of the Canadian Pensioners' Association of the great war was held on Friday evening at 727 View Street. There was a good attendance of members. Several new members were received. A vote of appreciation was extended by the association to Mrs. Bevan, Mrs. Thorpe, Double and Miss Ogilvie and the I.O.D.E. for the gift of a radio to the Fleming ward of the Royal Jubilee Hospital.

The pension committee reported for

Clears Skin of Blemishes

The Perfect Antiseptic Treatment
 It is so easy to rid your skin of pimples, blemishes, freckles, etc. Just apply the pure cooling liquid D.D.D. Clear and stannous, the soothing elements penetrate the skin and quickly drive away the irritation. ITCHING STOPS INSTANTLY. A 5c bottle proves the merit of your druggist gives your money back. D.D.D. gives skin beauty. (Use D.D.D. Soap.)

MLK TO VALUE OF \$117 GIVEN OUT IN SCHOOLS

Dr. O. M. Jones Chapter I.O.D.E. Hears Excellent Reports of Year's Work

Milk to the value of \$1,117.45 was distributed to 11-nourished school children in the public schools last year by the Dr. O. M. Jones Chapter, I.O.D.E. the money for its purchase being raised through the medium of a tag day, "talent money" raised by members and the proceeds of the collection boxes in local stores and banks.

This was announced in the report presented at the tenth annual meeting of the chapter held at the Royal Hotel, Jubilee Hospital on Saturday afternoon, all the reports showing the accomplishment of much valuable philanthropic and patriotic work during the year. The chapter reported having donated \$60 to the National I.O.D.E. War Memorial, as well as \$10 to a special educational fund and \$7.50 to the soldiers' graves fund as well as donations to other causes.

A cheque for \$80 was received by the chapter from an anonymous donor, this donation going to the chapter's milk fund.

OFFICERS RE-ELECTED

The regent and officers were re-elected by acclamation and are as follows: Regent, Mrs. O. M. Jones; honorary vice-regent, Mrs. W. M. Ivel; honorary second vice-regent, Miss J. McKendrick; regent, Mrs. William Ellis; first vice-regent, Mrs. Walker; second vice-regent, Mrs. S. Colgate; secretary, Mrs. W. A. Chambers; educational secretary, Mrs. F. Jordan; echoes secretary, Mrs. W. Duncan; treasurer, Mrs. F. P. Russell; general fund treasurer, Miss Paul; standard bearer, Miss Sowercroft; councillors, Mrs. Foot, Mrs. Tallamy, Mrs. Hudson, Mrs. Grogan, Miss Brown, Miss Greig, Miss Wilby, Mrs. Taylor, Miss Patterson and Mrs. Thomas.

After reading her annual report, the regent, Mrs. Ellis, was presented with a beautiful bouquet of daffodils by the little daughter of Mrs. Walter Duncan, the secretary, Mrs. W. A. Chambers, and Miss Parnell, milk fund treasurer, and Miss Paul general fund treasurer, were the recipients of boxes of chocolates as an appreciation of their work.

DELEGATES CHOSEN

Mrs. Ellis was appointed the chapter's delegate to the Provincial annual meeting and was also nominated as councillor for the national executive Councilors to Provincial I.O.D.E. were nominated as follows: Mrs. J. H. Gillespie, Mrs. W. Duncan and Mrs. W. Ellis. Mrs. Bryant, Mrs. H. A. Stewart and Mrs. E. Foot, were appointed a committee to arrange for a bridge tea to be held at the Empress in the near future.

STUDENTS ENTERTAINED

The thanks of the chapter were expressed to the Jubilee Hospital for their kindness in allowing the use of the Nurses' home for their meeting to the public for their generous support at all times, to The Times and The Colonist for their reports and announcements and to all who had assisted during the year.

At the conclusion of the meeting the members and their guests adjourned to the blue room, where they entertained about fifty of the girl students of the Normal School to tea.

The tea, which was arranged by Mrs. E. Foot and Mrs. J. Hudson, was exquisite with daffodils among tall green tapers, and was presided over by Mrs. Curtis Sampson and Mrs. J. H. Gillespie.

A delightful musical programme was arranged by Miss Sowercroft and included songs by Mrs. Ciceri and Mrs. W. Ellis, a recitation by Miss Ethel Bale, a piano solo by Miss Audrey Wood, Miss Thom, on behalf of the Normal School students, thanked the chapter for having entertained them.

Daughters of England—The business meeting of Lodge Primrose No. 82, England, was held on Friday evening in the S.O.E. Hall, the worthy president, Mrs. Baron, presiding. Two new members were initiated into the order. A good report was given by Mrs. Skett of the dance and court whist party. It was decided to hold another court whist and dance after the next meeting, February 22. On March 1 a partner court whist will be held at the home of Mrs. Wright, 905 Esquimaux Road, in aid of the funds for the grand lodge delegate. A cordial invitation is extended to members and friends.

Captain and Mrs. W. G. Colquhoun entertained at dinner party at their home at Work Point Barracks of Saturday evening in honor of Brigadier and Mrs. Sutherland Brown and Colonel and Mrs. Skelton of Winnipeg, who are visiting in Victoria as guests at the Beach Hotel. Covers were laid for twelve.

Gillespie and Miss Vivian Matson.

Miss Hazel King, children's librarian of the Victoria Public Library has had the honor of being asked to represent Canada as a member of the committee of selection in connection with the John Newbery prize book award. The committee will meet in Chicago in May. The Newbery medal is awarded annually for the most distinguished children's book written by an author in the United States.

The thirty-sixth annual banquet of Lodge Princess Alexandra, No. 18, Daughters of England, was held in the S.O.E. Hall on Thursday. Worthy Sister Goldwell presiding. Addresses were delivered by W. E. Sister Goldwell, W. Sister Hatcher, D.D.G.P., W. Sister Swan, P.P., W. Sister Bridges, secretary, also W. Sister Barton, president of the Lodge Princess Alexandra, who was the Duke of Aosta, brother of the King of Italy. The bridegroom had as witnesses Crown Prince Humbert of Piedmont, and former King George II of Greece.

Last night's ceremony was followed by a dinner with more than 100 covers at which gathered more royalty and blue blood of Europe than had been seen assembled since the wedding of the bride's younger sister, Anne, to Duke Apulia at Naples on November 5, 1927.

The bride was given away by her father, the tall Duke of Guise, "heir of the kings who in a thousand years made France," as his royalist supporters proclaim him.

Grand March At Firemen's Annual Ball

His Honor the Lieutenant-Governor and Miss Mackenzie, Premier and Mrs. S. P. Toller, Mayor of Victoria, Mr. H. A. Anson, will lead the grand march which is to be a feature of the annual ball of the Victoria Fire Department at the Empress Hotel to-morrow evening at 8 o'clock.

The ballroom will be specially decorated for the occasion and the Capitolians' orchestra, under the direction of Alfred Phipps, will prepare a particularly attractive programme of music. Refreshments will be served during the dance, and supper will be served in the dining-room, special arrangements having been made to ensure the comfort of the guests.

The committee in charge of the arrangements is a successful function, built up the enviable reputation of the firemen as popular hosts, the personnel being: President, Lieut. J. D. Crowther; Secretary, H. E. Hunt; committee: Lieutenants R. Taylor, C. Gwyer, P. N. Guy, H. Dyer, J. Robinson and E. Roberts.

"sters" to Miss Leighton. Tea was served in the Rangers' room, which was gaily decorated with appropriate emblems, and after a very satisfactory repast had been enjoyed, came a "Valentine Surprise." Each of the entertaining Brownies had provided a gift parcel for the guest who had chosen as her Valentine and the distribution and unwrapping of these presents proved most exciting and engrossing. The visitors lustily cheered their hostesses before taking their departure and received a hearty response. The Brown Owl and pack expressed their grateful thanks to Mrs. Monckton, Mrs. Langdon, Mrs. Weight and Mrs. Scott, who so kindly served tea.

A very attractive musical programme by the hotel orchestra lent additional interest to the tea hour at the Empress Hotel bridge and five hundred party arranged by the Association of Former Pupils of St. Ann's, and held on Saturday evening in the gymnasium of St. Ann's Academy. The gymnasium had been decorated by the Children of Mary of the convent under the direction of Miss Leveque, and Miss May Murray. Red and white streamers festooned the hall, in a graceful design with clusters of hearts outlined in gold and made by the children at intervals about the walls, and the windows were cleverly draped with hangings of red and white. Masses of pussy willows were grouped on the high window sills. A capable committee of eight students from the domestic science class, assisted Miss Murray and Miss Leveque with the refreshments, and the same committee looked after the wraps and the general comfort of the guests. Mrs. D. B. McCann, Mrs. Frank Doherty, Miss Rose Hagan, and Miss K. Melville, and Father Scheelen winning the consolation prize. The tombola was won by Mr. Frank Sehl. Alderman James Adam raffled two large cakes, which were made by the senior domestic science girls; the first was won by Mrs. Frank Sehl, the second by Mr. Adam, who also presented a bag of chocolates, won by Rev. Father Scheelen. The committee of former pupils, Mrs. K. T. Hughes, president, Miss Flora Hamilton Burns, Mrs. Bernard Ciceri, Mrs. D. B. McCann, Mrs. Frank Doherty, Miss Monina McKenna, wishes to thank all who helped so generously to make the evening a success, and to add to the fund for the home economics department of St. Ann's Academy, which a very keen interest is being taken at the present moment.

To speak on India—Miss Hatch, who has spent thirty years working among the lepers in India, will give an account of her experiences to-night at 8 o'clock at the First Baptist Church. All interested in mission work, of any denomination, is invited to attend this meeting.

A St. Valentine's party was given on Saturday afternoon at the Guide Headquarters, Langley Street, by the Equimait Brownie Pack. The guests were the Brownies' mothers, the Hillside Pack with their Brown Owl and other little girls of Brownie age. The pack was also honored by a visit from Miss Leighton, divisional commissioner, and Mrs. Phillips, district commissioner. A musical programme was given, the pack singing several songs. A piano solo was contributed by Second Isabelle Oiler, and a humorous recitation by Sister Mary. Refreshments were served, and a very interesting doll dressing competition was held in which prizes were won by Sister Mary and Miss Susan. The grown-up's prize was awarded by the

GREEK PRINCE WEDS AGAIN

Former Husband of Mrs. Leeds Weds Princess Francoise To-day

Palermo, Italy, Feb. 11.—Former Prince Christopher of Greece, husband of the late Mrs. William B. Leeds, and Princess Francoise, were united in the civil bonds of matrimony by the Podesta of Palermo at 8 o'clock last evening in the Orleans Palace in the presence of a royal and princely throng. The palace was the Duke of Orleans, predecessor of the bride's father as claimant of the French crown, died in 1926.

The witnesses for the bride were former King Manuel of Portugal and the Duke of Aosta, brother of the King of Italy. The bridegroom had as witnesses Crown Prince Humbert of Piedmont, and former King George II of Greece.

Last night's ceremony was followed by a dinner with more than 100 covers at which gathered more royalty and blue blood of Europe than had been seen assembled since the wedding of the bride's younger sister, Anne, to Duke Apulia at Naples on November 5, 1927.

The bride was given away by her father, the tall Duke of Guise, "heir of the kings who in a thousand years made France," as his royalist supporters proclaim him.

Of Interest to Women

WOMEN'S BRANCH MARKS BIRTHDAY

Anniversary Banquet Is Held By Auxiliary to Local Typographical Union

Expressions of congratulation and appreciation were tendered at a banquet and dance held by the Woman's Auxiliary, No. 65 of the Victoria Typographical Union, No. 201, which celebrated its third anniversary in the Amphion Hall, Saturday night. Over 100 attended.

A large birthday cake decorated the table in front of the chairman, John Chow, who in his opening remarks welcomed as a guest Mrs. E. J. Trumper, president of the Woman's Auxiliary to the Vancouver branch of the union. Mrs. T. A. Holland, a Vancouver member and Mrs. C. A. Blesoe of Vancouver, were also guests.

Three presentations were made during the evening—to Mrs. C. Chislett, president of the local auxiliary, a handsome silver bonbon dish being the present of the Vancouver organization, and a bouquet of carnations in token of appreciation from the local branch. A piece of silver was the gift to Mrs. Trumper, the Vancouver president.

J. Davidson responded to the toast of "The Local Union," while S. Bowers replied to that of "The International Union." Mrs. Chislett spoke on behalf of the auxiliary, S. Carr responded to the final toast, "The Allied Printing Trades."

Mrs. Trumper being called upon for a few remarks gave a brief outline of the work of the W.A. in Vancouver.

An excellent musical programme was rendered, the following artists contributing: Miss White, Mrs. V. Baines, R. Sneddon, Miss C. Lewis, Miss Dorothy Francis and Mrs. A. W. Stokes, with Mrs. Holt as accompanist.

Dancing and cards followed the banquet. The prize winners at cards were: Ladies, first, Mrs. Miller; second, Mrs. Wyatt; gentlemen, first, W. Peters, second, Mrs. Rogers, acting as gentleman. A hat dance was given by Frances Borden and a powder puff dance by Margaret Welsh.

V.O.N. Meeting—The regular monthly meeting of the local branch of the V.O.N. will be held on Tuesday at 2:30 p.m. at 429 Cook Street.

Your Baby and Mine

By MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

SOME USABLE SUGGESTIONS FROM OUR READERS

Mrs. M. S. writes:

"I read your column daily but have never noticed any reference to washing baby's hair. She used to have crying spells whenever I washed her hair. Now I give her water toys to play with, and while she is interested pour clean water from her head and then soap it. I rinse it in a like manner and she hardly notices me doing it. Then I wash warm two wash rags and rub her head dry while she is still playing in the water. She never cries about this as she used to."

Answer: The chief reason children cry is that they usually draw in their breath when water is poured over their heads and thus draw some of the water up their noses or get soap in their eyes. Now, no one enjoys soap in his eyes, so one way to avoid making a child irritated by this hair washing is to manage in some way so the water isn't poured over the child's face. Letting the child lean backward and pouring the water carefully so that it touches the forehead and runs backward instead of

forward is another way of doing it. Another is to use a celluloid eye shade, made to fit the child's forehead and thus protect the child from getting the soapy water on her face or in her eyes. If mothers are careful they use every method of making the bath very pleasant, since it is an everyday event and let the child enjoy instead of fight against it. Tub toys are a real help with children who dislike the bath.

THE EARLY MORNING FEEDING

Mrs. R. C. McP. suggests:

"I dreaded the six o'clock morning feeding after the baby was weaned because at that time the house was cold. The baby was fretful and it took so long to heat the water and warm the milk. Now, before I go to bed, I fill a quart thermos bottle with boiling water. Then in the morning I simply empty the water (and it is still piping hot) into a vessel and stand the bottle of milk in it, and in three minutes everything is ready and baby is happy. Perhaps other mothers have used this method but no one told me and I found it such a wonderful help that I want to pass it on."

Answer: It is a very good idea. Early morning feedings are pretty disagreeable and draw events on cold winter mornings. Just be sure to use only water in the thermos bottle, though, for keeping milk hot all night is one way of hurrying it to the point of souring, as all good housewives know.

FORMER LOCAL COUPLE WED

Miss Kathleen Gillam Becomes Bride of Charles L. Shaw in Vancouver

Vancouver, Feb. 11.—St. Paul's Church was the scene of an interesting wedding Saturday afternoon when at 2:30 o'clock Rev. Harold King united in marriage Kathleen May, youngest daughter of Mr. and Mrs. W. F. Gillam of Burlington, Ont., formerly of Victoria and Vancouver, and Charles L. Shaw of Vancouver, formerly of Victoria.

While the wedding was marked with charming simplicity, a large number of friends of the bride and groom had assembled at the church, which was decorated with palms, greenery and daffodils for the occasion.

The bride, who was given in marriage by Mr. W. H. Merritt, a close friend of the bridegroom's family for many years, who in the absence of the bride's father performed this ceremony, wore a very smart gown of cocoa brown chiffon fashioned in long waisted effect, with draped bodice and skirt. A giraffe of transparent velvet of the same shade as the gown was caught with an amber buckle, and she wore an amber chain. From the shoulders two drapes were attached which fell gracefully at the back to the hem of her skirt. Her hat was of brown felt, faced with cream, and edged with straw, and the shower bouquet was composed of Ophelia roses and lily of the valley.

The bridegroom was attended by Mr. P. C. Rawling, formerly of Victoria, as best man.

Following the ceremony, Mr. and Mrs. Shaw left for Seattle, where the honeymoon will be spent. The bride chose for traveling a Hudson seal coat heavily trimmed with squirrel, which also formed the collar. On their return they will make their home at Adelaide Court, 1545 Fourteenth Avenue West.

The bride has friends in Victoria as well as this city, since she spent several years here with her parents. Mr. Gillam was the architect who designed the Normal School in Victoria. Mr. Charles Shaw lived in Victoria until three years ago, when he left the editorial department of The Colonist to come to the Vancouver Daily Province. He attended University School and later took up journalism, a field in which his grandfather, the late Mr. C. H. Lugin, was such a prominent figure.

Among the out-of-town guests who attended the wedding were Mrs. A. B. Shaw and Mr. Robert and Mr. William Shaw, and Miss Louise Fisher, all of Victoria.

Entertainment At St. Louis College To Be Repeated

An entertainment by the pupils of St. Louis College, the proceeds of which will be devoted to the fund for the school orchestra, was given on Saturday evening in the auditorium of St. Ann's Academy, under the direction of St. Ann's and the pupils of the boarding school of St. Ann's convent. The performance will be repeated this evening, when the auditorium will be filled with parents and friends of the boys.

"O Canada," played by Brian Burdon-Murphy, was the opening number, followed by the school choir under the leadership of Brother George, in "Murmuring Sea," sung with sweetness and clarity of diction; Edwin Lovell sang Brahe's "I Passed by Your Window," with ease and charm, later in the programme giving "An Old-fashioned Town" (Squires). The St. Louis College orchestra, under the direction of Brother Russell, contributed two groups, "Fortuna," "Wooden Shoes," "Happy Days," and "Always Jolly," played with nice appreciation of light and shade, and fine tempo. A cornet solo, "Calm as Night," by Billy Fletcher, was excellently rendered; George Tate, medallist of the Musical Festival, was heard with pleasure in violin solos, "Fair Rosamund" (Fritz Kreisler), and "Souvenir," violin trios by G. Tate, B. Burdon-Murphy and R. Bianco, were "Hope March" and "Melody of Love," the ensemble playing being beautifully harmonious. Piano solos and a duet by Brian and Desmond Burdon-Murphy were also played with fine spirit. Desmond Barrett recited Walter de La Mare's beautiful poem, "Listeners," and other recitations were "The Owl Critic," by A. Hickey, and "All About the Weather," by A. Bellis and R. Kay, received with merriment and applause.

The little pupils of Grade Two gave "Fairies" in costume. Owing to the inclemency of the weather the fairies had not been able to attend rehearsals, but their effort was none the less amusing and entertaining, and the costumes of "green-cloaked" and "white-owl's feather," added a picturesque touch. The programme ended with a one-act play, "The Lost Diamond."

The bumbell exercises by the juniors were in a class quite by themselves, and the Christian Brothers are to be congratulated upon the splendid showing of their pupils in the various features of a long and interesting programme.

Lecture on Japan—On Friday, February 15, at 7:45 p.m. a lecture will be delivered at the Douglas Street Baptist church by J. Bryant. The subject of the lecture will be "A Trip to Japan." During the course of the programme slides will be rendered by Japanese children.

C.N.R. BRANCH LINE PLANS ARE MADE PUBLIC

(Continued from page 1)

OF TWO TYPES

The lines proposed fall into two general classes, namely, lines which afford economic and operating advantages to the system and branches for the purpose of general development and colonization of the country which will constitute feeders to the system.

The longest piece of construction proposed is 117 miles, starting at St. Walburg, in Saskatchewan and ter-

GIRL FLIERS SEEK RECORDS

Miss Marvel Crosson and Miss Bobbie Trout on Flights

Los Angeles, Feb. 11.—Two girl fliers launched assaults on existing women's aviation records here yesterday. Miss Marvel Crosson piloted her Traveler plane to an altitude above 20,000 feet in an effort to better the 20,270 foot record now held by Miss Louise McPhedridge of Oakland, Cal., and Miss Bobbie Trout went aloft in her Golden Eagle plane at 5:30 p.m., bent on breaking the night flying endurance, and the non-stop distance records.

Miss Crosson, who landed at 4:56 o'clock, was aloft two hours and thirty minutes. She said that the last time she looked at her altimeter, which was graduated to 20,000, she had passed that mark. Whether she bettered the record will be determined by an official reading of the barograph she carried.

The motor of Miss Crosson's ship failed and she was forced to dive to a lower altitude. Twice more she attempted to climb to the "ceiling," but she said she believed her first attempt was the best. The temperature of her highest altitude was fifteen degrees below zero.

Miss Trout, who established an endurance flight record January 1, only to have it beaten within a month by Miss Elinor Smith of New York, planned to fly through the night. She will circle the course made famous by the Question Mark on its 150-hour flight in an effort to exceed the 932-mile distance record. If the young aviatix stays aloft through the night, she will have beaten the eight-hour women's night flying record.

Central W.C.T.U.—The Central W.C.T.U. has appointed Mrs. R. E. Collis, Mrs. Knox, Mrs. Mitchell and Mrs. Lumsden to be representatives at the annual meeting of the Local Council of Women. Arrangements were also completed for the Francis Willard tea to be held at the home of Mrs. Wm. Grant, Bay Street, on Thursday, Feb. 14.

No More Piles

Pile sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and salves can't do this—an internal remedy must be used. Dr. Leonard's Hem-Roid, a harmless tablet, succeeds because it relieves this blood congestion and strengthens the affected parts. Hem-Roid has a wonderful record for quick, safe and lasting relief to pile sufferers. It will do the same for you or money back. MacFarlane Drug Co., Vancouver Drug Co. and druggists anywhere sell Hem-Roid with this guarantee. (Adv.)

TO SING HERE

TITO SCHIPA the great lyric tenor, who is to appear in recital at the Royal Victoria Theatre on March 1 under the auspices of the Ladies' Musical Club.

MOTHERS AND THEIR CHILDREN

ICE-CREAM MILK

One mother says—While visiting a friend, I noticed that she was having a hard time in getting her three-year-old son to drink his milk. I suggested to him that I get him some ice-cream milk, which I made by adding a small quantity of sugar and a few drops of vanilla. The youngster drank it all and asked for more.

Baby Smothered By Milk Bottle

Windsor, Ont., Feb. 11.—Smothered by milk which had worked into his lungs from his feeding bottle when he turned in his crib, Vincent, three-months-old son of Mr. and Mrs. Joseph Drouillard, Sandwich, Ont., was found dead yesterday.

Victoria W.I. Social—Members and friends of the Victoria Women's Institute are reminded of the Valentine tea to be held in their rooms, 203 Union Building, View Street, on Thursday, February 14, from 2:30 o'clock. A splendid programme has been prepared by the committee in charge of the affair, and this being the first social event of the year a good attendance is anticipated, and an enjoyable afternoon assured. There will be a miscellaneous stall and contributions will be appreciated by the ladies in charge of stall. Mesdames Howorth and Taylor. The following artists have kindly consented to assist with the programme: Miss Maude Grimmond, pianist; Mrs. J. D. Todd, solo; Misses Margaret Whyte and Hazel Wright, students of the B.C. Dramatic School, will give "A Fantasy"; ladies trio, Mesdames Hammond, Welch and Hobden. Mrs. J. V. Weston will be the accompanist. Strangers will be welcome.

minating at Bonnyville, in Alberta, opening up good agricultural land suitable for wheat growing and farming. About eighty-four miles of this line will be in Saskatchewan and thirty-three miles in Alberta.

MELFORT TO ABERDEEN

Ranking second in length among the branch lines will be that from Melfort to Aberdeen, in Saskatchewan, which will reduce the rail distance from Saskatoon to Melfort by twenty miles and furnish a direct route towards The Pas, Manitoba, the southern terminal of the Hudson Bay Railway and the initial point of the railway to the Pin Point and Sherbit Gordon mining district. This line, eighty-five miles long, will pass for its whole distance through good agricultural territory, which has already been colonized.

AID FOR FARMERS

More direct connection into North Battleford from northern points is to be provided by the construction of a thirty-mile branch from Hamlin to Glenbush, Sask. The country to be traversed is a good section for wheat growing and mixed farming.

Good farming country will also be opened up to rail communication by another fifty-mile branch running southwesterly from Central Butte, Sask. for a distance of fifty miles and by another fifty-mile branch running southwesterly from Unity, Sask. to the Swift Current line of the C.N.R. by thirty-one miles of new construction.

A further extension, for a distance of thirty miles is to be made of the

line from Melfort heading towards The Pas. This extension will continue the line from Ridgedale through the territory north of the Carrot River, a district which is being very rapidly opened up.

SHORTER ROUTE

The longest project in Alberta is eighty-two miles of new construction to run southeasterly from Alliance to near Dobson on the Calgary-Saskatoon line of the Canadian National Railways. The main purpose of the line is to provide a short route to Edmonton for grain and other agricultural produce going to the British Columbia coast, and it will also serve good agricultural land suitable for wheat growing.

Off this new line, a branch twenty-five miles in length will be built in a northeasterly direction from Bulwark to serve good agricultural land lying in that district.

The programme in Alberta also includes extension of the Lovers line from its present terminus at Hemaruka to Scapa, on the Hanna-Warden line, a distance of forty-one miles, in accordance with the original project of the Grand Trunk Pacific. Rail hauls will be shortened and new land opened up.

The Canadian National proposes to build, in British Columbia, west of the Yellowhead Pass, a cutoff between Tete Jaune on the Canadian National (old Grand Trunk Pacific line) to Prince Rupert, and Swift Creek, on the Canadian National (old Canadian Northern line) to Vancouver. This cutoff will be twelve miles in length and will

effect considerable operation economies.

Another project in British Columbia is the rehabilitation of the original Canadian Northern branch on Lulu Island, in the Delta of the Fraser River near New Westminster, and the construction of nineteen additional miles in that vicinity for industrial development.

In Ontario, the mining district of Sudbury is to be served by two additional Canadian National lines. One is an extension of about four miles of

the Carson branch to reach the Falconbridge Mine.

FOR MINE TRAFFIC

The other will leave the Sudbury branch and run generally west for about twenty-five miles, passing near the Froid-Murray-Treadwell-Yukon properties and extending into a large block of mining property owned by the Sudbury Basin Mining Company. With the extensive developments now under way in the Sudbury Basin, the Canadian National will be assured of a large tonnage from ore concentrates or other products of the mine.

Tried Many Remedies Without Success

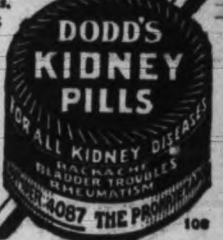

Dodd's Kidney Pills were recommended by Daughter.

"I had such a Sore Back and tried several remedies without success," writes Mrs. M. Libby, 498 Julian St., Pembroke, Ont. "My daughter told me to take Dodd's Kidney Pills. I did so and when I had used two boxes my back was better."

The road to good health lies through the Kidneys. If they are kept strong and well all the impurities are strained out of the blood. Dodd's Kidney Pills keep the Kidneys in good condition to do their work of cleansing and purifying the blood. Weak, Nervous, Run-down women should give Dodd's Kidney Pills a trial at once. Ask your neighbors.

At All Dealers, or by Mail from The Dodd's Medicine Co. Ltd., Toronto 2, Ont.

Gone Are the Days

when "cook stoves" had canopies when steak breakfasts were fashionable when waffles were made in an iron griddle.

Grease was smeared on liberally. Then batter was poured in. Usually the waffle iron smoked like a volcano, batter oozed from the sides like hot lava, and the whole process required as much attention as a three-ring circus.

The modern ELECTRIC WAFFLE IRON is greaseless and smokeless. You don't have to flip the waffle over to get it brown on both sides. Just snap a switch and pour in the batter. Delicious! They're crisp, crumbly, crunchy, and every waffle says: "Have another!"

Draws Announced For Island Basketball Play-offs

Victoria Teams To Compete In Finals For Island Titles

Schedule Also Announced For Island Knockout Competition For Both Men's and Ladies' Teams; Local Fans Should See Plenty of Fine Basketball in Next Few Weeks; "Y" Gym. is Approved For Finals; All Teams in Play-offs Must Be Ready to Play This Week; Referee and Umpire Will Be Used in All Games.

Plenty of championship basketball is to be served up to local fans in the next few weeks, as the draws for the Island championships and Island knockouts were completed at the executive meeting of the Vancouver Island Basketball Association, held in Nanaimo over the week-end.

The meeting was presided over by J. C. Dowds of this city, while others present were as follows: Gordie Wooldridge, secretary; Dr. C. French, W. West, F. Lewis, C. Inkster and Jack Taylor.

Besting drawing up the schedule for the play-offs and knockouts, the executive decided on many other points of interest.

In all play-off finals and in all Senior "A" games a referee and an umpire will be used. The visiting team will in all cases where possible, supply these officials.

"Y" GYM APPROVED

The meeting also put its stamp of approval on the Y.M.C.A. gymnasium of this city, so that there will not be a repetition of the unfortunate trouble of last year.

The executive states that all teams in the play-offs must be ready to play this week. Exact dates of games will be announced later.

The draw for the Vancouver Island championships is as follows:

SENIOR "A" MEN

Final—Total points to count. First game, Duncan at Victoria; second game, Victoria at Duncan.

LADIES' SENIOR "A"

Nanaimo declared winners, gaining possession of Nanaimo Gymnasium Board Cup.

SENIOR "B" MEN

Upper Island—Port Alberni at Nanaimo; Lower Island—First round, Duncan at Victoria; Shawigan, a bye.

Final round of Lower Island—Shawigan on home floor of winner of first round.

SENIOR "C" MEN

Finals—Winner of Upper Island versus winner of Lower Island; home and away games—total points to count.

First game at lower home floor, second game at Upper Island home floor.

LADIES' SENIOR "B"

Victoria—Fidels versus Shawigan; floor to be decided. Nanaimo at Ladysmith.

Finals to be played at Victoria.

INTERMEDIATE "A" MEN

Upper Island—Ladysmith at Cumberland; Nanaimo versus Ladysmith at Cumberland; floor to be decided.

Final at winners of Upper Island floor.

LADIES' INTERMEDIATE "A"

Nanaimo at Alberni.

INTERMEDIATE "B" MEN

Upper Island—Ladysmith at Nanaimo; Port Alberni at Cumberland; final to be played on winner of Port Alberni vs. Cumberland home floor.

Lower Island—Victoria High School vs. Doo-Dads.

Island finals at winner of Upper Island home floor.

INTERMEDIATE "B" LADIES

Nanaimo at Cumberland. Finals, Harmony (Victoria) at home to winners.

The draw for the Island knockout is as follows:

MEN

Lower Island, first round—College vs. J.B.A. and Crescents vs. C.P.S. at Victoria; Duncan "A" vs. Shawigan at Shawigan Lake; Sons of Canada vs. Duncan "B" at Duncan.

Semi-finals—Winner of Duncan "B" vs. S.O.C. at home to winners of College vs. J.B.A. and "A" vs. Shawigan at home to winner of Crescents vs. C.P.S.

Final—Semi-final No. 2 winner at home to winner of semi-final No. 1.

Upper Island—Central Lake at Port Alberni; Nanaimo at Ladysmith.

Final—Winner of Central Lake vs. Port Alberni at home to winner of Nanaimo vs. Ladysmith.

Finals—Winner of Upper Island at home to winner of Lower Island.

LADIES

Lower Island—Red Birds at Shawigan. Winners of Red Birds vs. Shawigan at Duncan.

Upper Island—Nanaimo at Ladysmith.

Final—Winner of upper half at home to winner of lower half.

The dates for games in the knockout will be announced this week, and it is the plan of the executive to play some of these games as preliminaries to several of the important Island play-offs.

Baseballers Will Hold Two Meetings

The general condition of baseball on the Island and plans to improve it will be discussed when representatives from the City, Island and Commercial leagues meet in a joint party this evening at 8 o'clock in the Y.M.C.A. All leagues are requested to send representatives to the meeting, as the discussion may result in drawing up different plans for the season.

On Thursday the Senior Baseball League will hold a meeting for the election of officers in the Y.M.C.A. at 8 p.m. Important business will be discussed at the meeting and any interested in the game are invited to attend.

IS REINSTATED

RAOUL FERET

Paris, Feb. 11.—Raoul Feret, member of Charles Fyfe's traveling tennis circus of several years ago, was reinstated as a bonafide amateur by the French Amateur Tennis Federation yesterday.

Feret played in Victoria, at the Arena, defeating Vincent Richards in two sets. It will be recalled by those who attended that Feret became very annoyed at a workman employed in putting black paper over the white boards at the ends so that the ball would be more easily seen. The noise of the hammering disturbed him and he refused to play. When the workman finished Feret resumed and beat Richards.

TILDEN AND WILLS LEAD

Are Placed at Head of Tennis Rankings by U.S. Lawn Tennis Association

Boston, Feb. 11.—William T. Tilden, II, tennis "bad boy," was named as the highest ranking male player in the United States for the ninth consecutive time here Saturday at the annual meeting of the United States Lawn Tennis Association.

Helen Wills of Berkeley, Cal., was again placed at the head of the women's ranking list.

The nine ranking players next to Tilden are:

Francis T. Hunter, New Rochelle, N.Y.; George M. Lott Jr., Chicago; John F. Hennessey, Indianapolis; Wilmer Allen, San Francisco; John Van Orsdel, N.J.; Frederic Mercur, Harrisburg, Pa.; John Doe, Santa Monica, Cal.; Julius Seligson, New York; Frank X. Shields, New York.

The nine women following Helen Wills are: Helen Jacobs, Berkeley, Cal.; Edith Cross, San Francisco; Mrs. Mollie Mallory, New York; Mrs. T. C. Bundy, Boston; Marjorie Morrill, Dedham, Mass.; Marjorie K. Gladman, Los Angeles; Mrs. L. A. Harper, San Francisco; Mrs. A. H. Chapin Jr., Springfield, Mass.; Mrs. J. D. Corbiere, South-boro, Mass.

DOUBLES CHAMPS

Men's national doubles teams are ranked as follows:

Hennessey and Lott; Lott and Doe; Tilden and Hunter; Allen and Van Orsdel; Berley Bell (Texas) and Allison; Malcolm T. Hill and Henry L. Johnson Jr.; Alan Harrington and Ralph McElwenny; Mercur and Shields; Wallace F. Johnston and Mercur; Robert Selzer and Neil Brown.

Old Country Rugby

London, Feb. 11.—Results of Rugby Union games played over the week-end were reported to-day as follows:

Langholm 11, Carlisle 6.

Clifton 5, Monmouth 2.

Barnstaple 6, Exeter 0.

Kelso 20, Jed Forest 8.

Phil Hartley 3, Telford 3.

Old Edwardsians 6, Birmingham University 5.

Brilliant Young Joplin Professional Captures Pensacola Tourney

"Wild Bill" Mehlnhorn Slips on Stretch; Harry Cotton Finishes Fourth

Pensacola, Fla., Feb. 11.—Skillful putting enabled Harton Smith, twenty-one-year-old Joplin, Mo., professional, to emerge the victor from a duel with "Wild Bill" Mehlnhorn yesterday in the Greater Pensacola open golf tournament. Smith won with a 274, ten strokes under par for the 72-hole grind, while Mehlnhorn was five strokes behind.

Gene Sarazen, New York, shot a 282 to rank third, and Henry Cotton, British professional, was fourth with 283. Tied in the next group with 284 were Al Espinosa, Chicago, Bobby Cruickshank, New York, and Tommy Armour, Washington.

Densmore Shute, Columbus, Ohio, with 285 and Ed Dudley, winner of the Los Angeles open, with 287 ranked next, while William Burke, New York, 288, completed the list in the 280 class.

The rest of the heavy field found the going harder and such luminaries as Joe Kirkwood, Albany, Ga.; Mike Turner, Elmford, N.Y., and John Dawson, Chicago amateur, fell into the 290s.

SMITH COMES BACK

It was a see-saw tourney to the crown for Smith. After seeing Mehlnhorn lead the procession with a snappy 60 on the first hole, Smith came back to take leadership with 136 at the end of the first 36, Mehlnhorn carding 138.

Yesterday at the 54th Smith and Mehlnhorn were tied with 206 strokes, and Mehlnhorn, who turned in a 68 for the third 18 to clinch the tie, appeared headed for the crown.

Then, Mehlnhorn's putter failed and the young Missourian went one stroke up on the first hole of the last round. Smith was two up when they finished the fourth, taking a par four while Mehlnhorn missed his putt for five.

Wild Bill missed another putt on the fifth and Smith's par four brought him to a three stroke advantage. On the long sixth, Mehlnhorn loomed good with a birdie four but Smith calmly laid down an eagle three, sending him four strokes ahead.

On the ninth and eleventh the youth made two birdies, but then Mehlnhorn was unable to do better than a par even until the 18th, when he gained back one stroke with a birdie three after Smith missed a short putt.

After the 18th and 20th Mehlnhorn was unable to do better than a par even until the 18th, when he gained back one stroke with a birdie three after Smith missed a short putt.

After the 18th and 20th Mehlnhorn was unable to do better than a par even until the 18th, when he gained back one stroke with a birdie three after Smith missed a short putt.

When Risko Went to the Canvas For First Time

Out of Germany came pugilism's new man of the hour—Max Schmelling, and four times Madison Square Garden saw Johnny Rizzo of Cleveland "faw down an' go boom." Here you see the referee motioning Schmelling to his corner in the seventh round of the bout after rubber-man Risko had bounced on the mat for the third time under a storm of crushing blows from the mighty German. The fight was stopped two minutes later.

Strubling and Sharkey Take Things Easy

Two Principals in Coming Heavyweight Bout Claim To Be In Fine Shape

Sharkey Spends Much Time On Golf Course, While Georgian Goes Fishing

Miami Beach, Fla., Feb. 11.—W. L. (Young) Strubling, on whose broad shoulders and flying fists rests the South's hope for a heavyweight championship, yesterday topped off his training preparatory to a rest and a fishing trip, with a snappy workout.

Strubling's training quarters at Mardie's Casino were thronged with the crowd as he went through his training for his bout with Jack Sharkey, Boston job, at Flamingo Park here the night of February 27.

AT THE THEATRES

VON STROHEIM HAS ROLE IN CAPITOL FILM

Famous Movie Actor Returns
To Screen in "The Wedding March"

Magnificent Settings of Film
Laid in Vienna and Other
Great Cities

Erich von Stroheim has returned to the screen in a fashion which increases the interest in what is undoubtedly one of the most fascinating personalities of film.

In "The Wedding March," which opened an engagement to-day at the Capitol Theatre for three days, Von Stroheim heads a remarkable cast of screen favorites in a production which he also directed, and which presents a moving story of Vienna in the days before the World War.

There is much that is spectacular in "The Wedding March"—much that charms the eye with a display of regal

Where To Go To-night

THE SCREEN
Capitol—Erich von Stroheim in "The Wedding March."
Columbia—Sally O'Neill in "Frisco Sally Levy."
Dominion—Doris Kenyon in "The Home Towners."
Playhouse—June Collyer in "Me, Gangster."

THE STAGE
Coliseum—The Coliseum Players in "Tildy Ann."
Crystal Garden—Swimming and Dancing.

magnificence or beauty of an almost ethereal quality—but there is also a great deal that affects the spectator solely through the medium of superior acting.

The Corpus Christi procession before the cathedral in Vienna, photographed by the technicolor process, shows some of the most gorgeous scenes ever brought to the screen.

As an actor, Von Stroheim matches his excellence as a director, and is supported by ZaSu Pitts, undoubtedly one of the leading emotional actresses in motion pictures, and by Fay Wray, the director's "find," a pretty miss who acquires herself in admirable fashion.

LEONE WEBBER STARRING AT THE COLISEUM

Talented and Charming
Leading Lady Will Have
Stellar Role in "Tildy Ann"

"Toby" Leitch and Other
Members of Company Also
Cast in Splendid Bill

Featuring Miss Leone Webber, the dainty leading lady with the Coliseum Players, that clever little stock group, under direction of Raymond "Toby" Leitch, will open the current week this evening at the Coliseum Theatre commencing at 8.30 o'clock with a show entitled "Tildy Ann." To-night will open the company's third week in Victoria, and all indications point to a bigger week than the preceding ones, when, although splendid houses attended every night, the inclement weather kept many would-be patrons at home around the fireside. This week, however, the weather man promises reasonably mild evenings and the Coliseum will probably be filled to capacity every night, the company having

GREAT DIVA COMING

GERALDINE FARRAR

world famous prima donna who will appear here in concert at the Royal Victoria Theatre on Thursday Evening, February 21.

proved their worth in the shows last week and the week before.

LEADING LADY

This week the spotlight will shine upon Miss Leone Webber and it is expected that by her performance in "Tildy Ann" she will be adjudged one of the most talented and charming leading ladies ever to appear in Victoria before the footlights with a stock company. With a delightful personality, pleasing manner, forceful diction and soft, refined accent, she is all that a leading lady should be and so far has won by her clever acting, scores of friends and admirers among the theatre-going public of Victoria. Miss Webber is not of the common type so often found with stock companies, but is well-educated and cultured. She is expected to create quite a sensation at the Coliseum this week and the leader of the company guarantees that it would be worth while to make a trip to the theatre to see Miss Webber in the starring role, even if there were not any others in the cast.

FINE COMEDIAN

Mr. Leitch is himself a brilliant character comedian. He has proved this during his fourteen-day appearance in Victoria, and this week is expected to add further laurels to his already famous career in stock companies. During his performances he gives no horse-play, as many comedians think it necessary to do, but keeps his audience in roars of laughter by clever, witty sayings and brilliant acting. He seems to possess some magic charm for last week, by the mere movement of his arm, tapping of his foot, or the twisting of his face, he had a house of several hundred sane persons in an uproar of laughter.

Others in the cast who are also clever and already popular with Coliseum patrons, are Miss Ada Daniels, Miss Esther Todd Forrest Taylor, Paul Wallace, Leon Cluff and Lorus Bagley.

On the screen this week, Manager George McEwan of the Coliseum has secured a picture entitled "The Sporting Age" starring Belle Bennett.

Sally O'Neill Is Star in Picture At the Columbia

Has Leading Role in "Frisco Sally Levy," Showing Here For Three Days

A real night club with its original orchestra to whose melodious strains practically every star in the motion picture industry has danced at some time, was used by the Metro-Goldwyn-Mayer studios in the production of "Frisco Sally Levy," at the Columbia Theatre to-day.

After searching for several days for a night club like the one called for in the script, William Beaudine, director of the new production, was about to put the job in the hands of the production department when Sally O'Neill suggested the "Plantation," an exclusive cabaret located a few blocks from the studio.

"Why not try the 'Plantation'?" suggested Sally. "I've danced there so many times and won so many beautiful trophies, that I'll feel right at home if we work there."

Beaudine jumped into a car with Sally and the production manager and drove to the "Plantation" to look it over.

"Great!" was his verdict, and the electrical department moved both portable generator and lights to the spot and work was started.

Underworld Story On the Screen at Playhouse Theatre

"Me, Gangster," Ultra Modern Picture of Underworld Life, All This Week

Some years ago Raoul Walsh directed "Regeneration" for Fox Films, a picture based on the story by Owen Kilgore, "My Mamma Rose." At that time it was acclaimed the best underworld

picture that ever had come to the screen.

In the time intervening Walsh has directed many superproductions, mainly specials, including "The Honor System," a picture based on prison life; "The Thief of Bagdad," the Douglas Fairbanks spectacle; "The Wanderer," "The Lady of the Harem," "Sadie Thompson," "What Price Glory" and "Loves of Carmen," and what is said to be his greatest contribution to the screen to date, "The Red Dance," recently completed.

An array of pictures as mentioned surely exemplifies versatility rather than sameness in the matter of directorial ability, and now the cycle of changes has brought to him another underworld picture, "Me, Gangster," now at the Playhouse Theatre, ultra modern picture of to-day's underworld and decidedly at variance with "Regeneration" of almost a decade ago.

"Me, Gangster" is based on the Charles Francis Coe story which ran serially in The Saturday Evening Post. Coe spent several months in Hollywood and collaborated with Walsh in the treatment of the story. Don Terry, Fox discovery, first time in pictures, portrays the boy in the picture and June Collyer, beautiful featured player with Fox, the girl. Also on the same bill are May McAvoy and Conrad Nagel in the comedy hit, "Slightly Used."

Quick relief for COLDS since 1889

Why so distant?

Why is this handsome young man saying "Good-bye" so distantly to his sweetheart's finger-tips? Because she has a very bad cold, and he is sensible. Had she been equally sensible, she would have taken GROVE'S BROMO QUININE promptly at the first warning signal. Many millions of people all over the world have proved its power. A sneeze, a headache, a stopped-up feeling... and they immediately take care of themselves with this famous remedy. Thus they frequently side-step the cold entirely. Or throw it off quickly. Besides fortifying the system against grip and influenza. When you need such results, make sure of getting the genuine by emphasizing GROVE'S, in asking for GROVE'S BROMO QUININE. Price 30c.

DORIS KENYON LEADING LADY AT DOMINION

Popular Star Plays Leading Role in "The Home Towners"

Splendid Cast in Movietone Reel Includes Other Stars

"A meddler is the very worst kind of trouble maker," says Robert McWade, who portrays a small town business man who disastrously dabbles in other people's affairs in "The Home Towners," Warner Bros.' all-star, all-talking production which Bryan Foy directed and which is now showing at the Dominion Theatre.

"When a narrow-minded meddler gets his tongue wagging and starts other people to thinking in the same channels as his own one-cylinder brain, many heartaches result," says McWade, who created this same character of P. H. Raneroff on the stage in George M. Cohan's footlight success and is seen in the same role on the screen in the de luxe adaptation.

"Of course," continues Robert McWade, "there are many very funny situations too, that arise as a result of the meddler's activities. Combined they prove ideal entertainment as depicted in the comedy-drama, 'The Home Towners.'"

SPLENDID CAST
McWade also created the leading character role in the stage play, "New Brooms," which he re-enacted for the silent drama. For the second time the great character actor appears in "The Home Towners" with a cast of prominent stage and screen players including Richard Bennett, Doris Kenyon, Gladys Brockwell, Robert Edison, Vera Lewis, John Miljan, Stanley Taylor, Patricia Caron and others. The adaptation was made by Addison Burkhardt and Murray Roth.

Medical Lectures

Two lectures by Major G. W. Treleaven, D.S.O., M.C., Royal Canadian Army Medical Corps, on "Medical Selection of Flying Personnel" will be given in the library of the Victoria Medical Society, Campbell Building, at 8.30 p.m. on February 18 and 19.

All members of the medical profession, particularly those who are or have been associated with the services or are interested in flying, are cordially invited to attend.

Earthquake Under Sea Off Central American Coast

Cincinnati, Ohio, Feb. 11.—A sharp earthquake, which reached its maximum vibration at 10.58 a.m., was recorded on the seismograph at St. Xavier College here yesterday. The shocks began at 10.44 and continued until 12.30. Officials said the quake probably occurred off the coast of Central America, the direction having been indicated towards the southwest, about 2,070 miles from Cincinnati.

FAMOUS DIVA WILL SING AT ROYAL SOON

Geraldine Farrar to Give Concert Here Thursday, February 21

Great Prima Donna Has Had Successes With Chicago and Metropolitan Operas

Geraldine Farrar, world famous prima donna, who will appear at the Royal Victoria Theatre on Thursday, February 21, attributes her years of success to the fact that she has always had the courage to be her own real self in all that she has done. Parenthetically, she advises young artists that there would be more successes among them, if more of them would assimilate the gospel of self-expression. When she was about to make her debut in Berlin, she allowed her own ideas of the Marguerite of "Faust" so to modify her interpretation that the renowned managers and directors predicted first failure. Instead, after that memorable first performance, the operatic world lay at her feet.

When, after years of the greatest success in two continents, the still small voice whispered to her that the totem heights of self-expression would never be reached in opera, it again took courage extraordinary to give it all up, to devote the future to a new and more elusive ideal. It has always been the fate of the singer of "Lieder" to go comparatively unheralded, while a lesser operatic colleague might be winning fame. Thus few will remember that in days gone by, besides the Farrar of the Metropolitan and the Royal Opera, there was also the Farrar of the concert hall, supreme artist and singer of songs. It is Miss Farrar's sure sense of artistry that now persuades her that in devoting herself exclusively to her "Lieder" she is entering the culminating stage of a brilliant career.

TORONTO HAS \$200,000 FIRE

Toronto, Feb. 11.—Damage estimated at more than \$200,000 resulted from a fire which destroyed a one-story garage at Howard and Eastern Avenues here Saturday. The building, covering an acre of land, was totally destroyed with its contents of from forty to seventy new automobiles, a dozen loaded transport lorries and many tons of merchandise.

POPULAR OPERAS HERE THIS WEEK FOR FOUR DAYS

"The Beggar's Opera" Will Be Offering at the Royal For Four Nights

"Polly" Sequel to First Opera Will Be Attraction Twice On Saturday

"The Beggar's Opera" and its equally fascinating sequel, "Polly," two very old English musical plays, will be the attraction at the Royal Victoria for a limited engagement opening to-morrow evening.

"The Beggar's Opera" was produced as the first opera in English, and its lines lampooned living Englishmen, Gay's contemporaries, men high in public office.

It inaugurated the ballad opera, a form which was gloriously revived later by Gilbert and Sullivan.

"Polly" is the sequel to "The Beggar's Opera" and in it the fame of its author, John Gay, the greatest satirist of his day, is said to be fully sustained.

When originally made ready for stage production in 1729, it was suppressed and when presented in London in 1923, it had undergone reconstruction by Clifford Bax and its music was rearranged by Frederic Austin. On this occasion it ran for 400 nights.

During this engagement, "The Beggar's Opera" will be presented the first four nights, with "Polly" as the bill for the two performances on Saturday.

Cold Wave Causes Deaths in Greece

Athens, Feb. 11.—Extremely severe weather is prevalent throughout Greece. Four women died at Thessaly, where sixteen feet of snow completely demoralized all transportation and made virtual prisoners of the inhabitants.

Meighen Speaks For Disarmament

Albany, N.Y., Feb. 11.—Arthur Meighen, former Premier of Canada, speaking before the Foreign Policy Association here Saturday, expressed hope that the final deliberations of the Preparatory Disarmament Commission would result in an accord between the great powers.

The conclusion of the Anglo-French compromise, Mr. Meighen said, had been arrived at in full view of other nations and it was highly regrettable any suspicion of a secret agreement between the two nations should have been permitted to weaken efforts looking to a peace assuring limitation of armaments.

ROBBERY IN VANCOUVER

Vancouver, Feb. 11.—W. H. Holland, 478 Broadway West, stepped from his confectionery store for a few minutes about 10.45 Saturday night. When he returned it was just time to see a thief running off with his cash register. Holland gave instant chase, but in spite of his burden the fleet-footed robber outdistanced him and disappeared, bearing his loot with him. Police found the cash register in a shed at the rear of 483 Eighth Avenue West emptied of its contents, about \$25.

MURDER AND SUICIDE

Regina, Sask., Feb. 11.—As his estranged wife was packing her belongings preparatory to leaving their home here, Jeffe Shepherd shot and killed her yesterday and then took his own life with the same gun. Mrs. Shepherd had recently started divorce proceedings against her husband. A note to the Canadian County prosecutor from Shepherd indicated he had planned the deed since Saturday.

Great for Rheumatic Pains and Swellings

It costs a thousand dollars more to equal **CHRYSLER** Performance in any other car

New Chrysler "75" Town Sedan, \$2140

CHRYSLER engineers from the outset disregarded all other performance standards and all other design. They set themselves to establish definitely the most modern principles and fundamentals of engineering and to apply them in a brand new way.

The same processes which based the new Chrysler style on the canons of classic beauty worked step by step to provide performance unlike any other in the industry—founded on a new and fresh interpretation of the basic principles of engineering design.

It is because of this Chrysler plan and the achievement of this plan, that an entirely new

motor car performance has been brought into being.

The extraordinary acceleration, smooth speed, ease of handling and control, compactness, comfort, durability and long life, together with the unusual safety and stamina which characterize Chrysler, have all been combined in a car whose qualities can only be approached by other cars costing hundreds, yes, even a thousand dollars more.

It is no wonder that Chrysler engineers, working with that singleness of idea and surety of approach to every problem, should create a product built as none was ever built before and better than any other.

A CHRYSLER MOTORS PRODUCT

New Chrysler "75"—Nine body styles, \$1985 to \$3050. New Chrysler "65"—Six body styles, \$1325 to \$1460. New Chrysler Imperial—Five custom body styles, \$3545 to \$4605. All prices f.o.b. Windsor, Ontario, including standard factory equipment (freight and taxes extra).

NEW CANADIAN CLUBS FOR B.C. POINTS PLANNED

Vancouver Speeches To Be Broadcast Over Province

Simultaneous Meetings To Listen to Addresses By Radio

Vancouver, Feb. 11. — Canadian Clubs holding luncheon meetings in every city and town of British Columbia listening simultaneously to the same address broadcast by radio by Vancouver Canadian Club, is the vision of Col. J. S. Tait, past president of the Vancouver club. Col. Tait's idea caught firm hold on the imagination of directors of the club at a recent meeting, and it was decided to take immediate action with a view to realization of the plan.

Authority was given the general activities committee of the club to take charge of the scheme and to carry on an investigation as to ways and means of organizing Canadian clubs throughout British Columbia. Col. Tait was added to the committee, the membership of which consists of Gen. V. W. Odium, chairman; J. S. Gordon, Rev. W. P. Pike, H. R. MacMillan, Lupton F. Johnston, W. A. Cawston and Col. Tait.

PLAN OUTLINED
In advancing his idea at the directors' meeting, Col. Tait pointed out that the necessity of creating Canadian Clubs in as many cities and towns of British Columbia had always been in the minds of many members of the Vancouver organization. He considered, he said, that by means of radio, formation of such clubs could be assured at comparatively small expense.

Col. Tait referred to the magnificent speeches which have been given to the Vancouver club and which have been broadcast. His idea, he said, was that through organization, maximum benefits and pleasure should be obtained from such addresses.

"With the broadcasting service as now perfected, it is comparatively simple to organize Canadian Clubs in all the centres of British Columbia population so that the people in the hills and dales, as well as those in the small towns, can have the advantage of hearing speeches from Vancouver."

"It is quite impossible to have speakers go to all the little towns throughout the Province."

CLUBS PLANNED
"My suggestion is, therefore, for your executive to select responsible persons in as many of the towns as possible, irrespective of size, and ask them to accept the responsibility of forming Canadian Clubs after the fashion of the club in Vancouver."

Notice of meetings of the Vancouver club could be sent all newly formed clubs and meetings could be called to synchronize with those in Vancouver, Col. Tait explained, and at a stated

What Shall I Do for Gray Hair?
By ALICE STRAWN

I am often asked for a good way to restore grey, faded or streaked hair. While there are many preparations on the market for the purpose, I know of nothing better than a mixture of good old sage tea and sulphur. You can either prepare the mixture at home yourself, or as most women prefer, buy it already prepared and ready to use.

The correct recipe, improved by the addition of other ingredients, may be had in Wyeth's Sage & Sulphur compound. All druggists carry it and since the cost is only 75c a bottle, there is really no need for any woman to go to the bother of preparing it herself. You would be surprised if you knew the number of men and women who employ Wyeth's Sage & Sulphur because its use is undetectable.

You simply moisten a comb or a soft brush with it and draw it through your hair, one small strand at a time. By morning the gray disappears and another application or two sees your hair beautifully and evenly restored to its full original color. There is no suggestion of that hard, dyed look that repels fastidious women. I advise any woman—be man—whose hair is turning gray to try Wyeth's Sage & Sulphur.

(Adv.)

"PINKHAM'S COMPOUND IS WONDERFUL"

Read This Letter from a Grateful Woman

Vanessa, Ont.—"I think Lydia E. Pinkham's Vegetable Compound is wonderful. I have had six children of which four are living and my youngest is a bonnie baby boy now eight months old who weighs 23 pounds. I have taken your medicine before and you know it has done me a great deal of good. I have certainly received great benefit from it. I urge my friends to take it as I am sure they will receive the same help I did."—Mrs. MILDRED MCMILLAN, Vanessa, Ontario.

time broadcasting of the Vancouver meetings could be started. Outside clubs could in that manner enjoy the same addresses as given members of the Vancouver club. The broadcast would in no way interfere with local plans of outside clubs, he added.

The report of the club secretary showed a gain of nearly 100 members at the start of 1928 as compared with the membership of 1927. The figures were 793 members last year and 894 members now. Finances of the club, he reported, were in better shape than at the corresponding time in 1927.

SPEAKERS PROMISED
It was stated that future guests would include many notable speakers including the new president of the University of Washington, who succeeded President Suzzallo. It is also planned to invite members of the Waratahs football team to be guests of the club.

Reference was made to anniversaries of famous events in British Columbia's history which occur during 1929, but decision as to official observance was delayed. One hundred and fifty years ago this year, Capt. Cook, famous explorer, discovered Nootka Sound, West Coast of Vancouver Island. It was announced that this year is also the seventeenth anniversary of British Columbia becoming a crown colony. The event occurring November 19, 1862, was also pointed out that 120 years ago, in 1808, Simon Fraser discovered the mouth of the Fraser River.

Luxton

The monthly meeting of the Luxton and Happy Valley Women's Institute was held Thursday evening at the home of Mrs. H. Baxter, "Deerfoot Lodge."

The secretary was instructed to purchase a book for the institute's use, regarding laws concerning women and children.

The meeting decided to make a comforter similar to one exhibited at the Willows fair last year, quilting bees to be arranged in the near future.

Initial plans were made for an exhibit at Willows Fair, the following conveners being appointed: Knitting, Mrs. H. Brown; crochet and tatting, Mrs. H. Baxter; arts and crafts, Mrs. F. Goodsell; home cooking, Mrs. J. Stockand; jams and jellies, Mrs. J. Traci; preserves, Mrs. J. Lowe; vegetables, Mrs. M. G. McLeod.

Conveners for the year's work of the institute were appointed as follows: Institute work and methods, Mrs. R. Brown; public health, Miss Kelly; education and better schools, Mrs. W. Dallimore; legislation, Mrs. F. Goodsell; community betterment, Mrs. H. Baxter; agriculture, Mrs. H. Hutchinson; home industries, Mrs. John Stockand; publicity and national events, Mrs. M. A. Morrow.

After all business had been transacted an amusing burlesque debate took place, the subject being, "Resolved that the opening up of the Ocean Highway through our home-loving district will be the means of breaking up our contented firesides."

The debaters were: Affirmative, Mrs. H. G. Kelly and Miss David Welch; negative, Mrs. Frank Goodsell and Mrs. M. A. Morrow.

The negative put forward many arguments as to the prosperity the Ocean Highway would bring to the district, but the affirmative in their glowing description of the contented pastoral life were successful in winning the debate. Mrs. M. A. Morrow acted as judge.

Refreshments were served by the hostess, Mrs. H. Baxter and Mrs. W. Dallimore.

The birthday party under the auspices of the Women's Missionary Auxiliary of Williston, Road, United Church, which was to have been held last Tuesday, has been postponed until the second Tuesday in March.

Wolves Kill Two In Czechoslovakia

Bratislava, Czechoslovakia, Feb. 11 — Bred from their native lairs by extremely heavy snow, wolves have continued their depredations in the rural section and small towns, attacking both human beings and animals. A reporter from Galanta, near here, said villagers had to barricade themselves in their homes to keep from being attacked.

A nineteen-year-old youth was torn to pieces by a pack after he had exhausted himself in flight and used the last cartridge in his pistol. A woman also was killed and several persons badly mutilated.

Printed Dress Fabrics

In New and Charming Effects

Printed Fabrics, whether of silk, wool or cotton, are going to be fashionable this Spring and Summer. We are now showing a really wonderful assortment in the newest and most popular colorings and designs at very attractive prices. We mention just a few of the many lines on display.

JAMES BAY—IMMEDIATE POSSESSION

PRICE \$3300
HERE IS A VERY COMFORTABLE HOME on a nice quiet street, close to park, beach and stores. Conveniently laid out, with a very nice fire grate in dining-room, three-piece bathroom and two bedrooms on ground floor and two more upstairs. Large bright kitchen with wood-burn and separate pantry make this a very nice place. The lot is small, but so are the taxes, and it is within easy walking distance of shopping centre. A full size garage makes this a complete and exceptionally attractive property.

BURNING QUESTION
By the
Cameron Wood & Coal Co. LIMITED

OUR FEATURE
MOVIE
ENTITLED:
"THERE'S NO PLACE LIKE HOME"

Let our quality coal install the spirit of happiness in your home and prove to you that there's no place like a comfortable, warm "home sweet home."

CAMERON WOOD & CO. LTD.
PHONE 5000—BOULDER AT MANDRA
See Answer to the Burning Question

CHAMOIS GLOVES
Olive oil, added to the water in which you wash chamois gloves, keeps them from getting stiff and hard. Use only a teaspoonful.

BRIGHT RUGS
To keep the colors in your rugs bright, sweep occasionally with a broom dipped in turpentine water. This prevents moths, also.

MAYNARD & SONS
Auctioneers Phone 4768 and 5365.1

WEDNESDAY, 1.30 P.M.

STOCK MARKETS — MINING NEWS — GRAIN MARKETS

TO-DAY'S GRAIN MARKETS

(By Branson, Brown & Co. Ltd.)
Winnipeg, Feb. 11.—Wheat: The wheat market continues to fluctuate within a narrow range, at the same time there is apparently sufficient buying to prevent recessions. Opening prices were fractionally higher and during the first ten minutes the market advanced 1/8 to 1/4 over the close on Saturday, declining to 1/8 higher, at which price the market held very steady throughout the day.

Trade volume was small, but at the start there was a little buying that was credited to foreign account and a little to New York houses, while later Chicago was taking small amounts, with offerings just sufficient to take care of the demand.

The pool was not credited with any selling to-day. Export business over the week-end was evidently quite small with the local trade reporting no assistance. The cash market was dull, but there was a fair demand coming from shippers and dealers for the low grades, while offerings were very light and spreads were unchanged.

Some evening up was reported, due to the holiday in the United States to-morrow. World shipments last week created another new high record. General news appears to be more or less bullish, with unseasonable low temperatures prevailing over the winter wheat belt, and also in Europe, while consumption the world over continues on a large scale. Crop damage reports are to be expected. Favor buying on the setbacks.

Coarse grains: There was a fair demand for barley with better buying by local houses. Oats were very dull with nothing doing, while there is a good inquiry for rye but very little business is being actually worked. Offerings in all grains are very light and supplies are strongly held.

Flax: There was a good demand for flax with American crushers moderate buyers. The market was strong. Offerings light.

THE TINYMIES

STORY BY HAL COCHRAN—PICTURES BY KNUCK

READ THE STORY, THEN COLOR THE PICTURE

The Sea Man made the ice real thick. Said he, "You'll find it safe and slick. I froze the water solid when I waded my wand around. You see, I do queer tricks like this, and nothing ever goes amiss. Wherever there is something queer is where I can be found."

"I'm sure that's very kind of you," said Scouty. "But how do you do these very clever little things? That's what we'd like to know." The Sea Man laughed and said, "Well, now, I wish that I could tell you how, but it's a secret. If I tell 'twill only bring me woe."

Just then poor Clowny slipped and fell, and all the others heard him yell. The Tots broke out in laughter. One exclaimed, "That was a treat. Although it gave us all a thrill, you're not supposed to take a spill. It seems to me you're clumsy if you can't stand on your feet."

Soon Copy said, "Oh, listen! I will get our basket. It's nearby. Then we can use it like a sled, and slide across the ice." He found the basket that he meant, and though it was a trifle bent, they all worked hard and fixed it up until it looked real nice.

One Trouble Tot said, "Me, oh my, I wonder if we dare to try to ride that basket once again. It spilled us all before." And Mister Sea Man promptly said, "Oh, don't you worry. Go ahead. I'm sure the basket will be safe upon the icy floor."

And so the Tots and Tinsies jumped into the basket. How they thumped. "Now, all aboard!" the Sea Man cried. "I'll push you good and fast." He gave the basket quite a shove. Said Scouty, "This is what I love. We don't know where we're bound for, but we're on our way at last."

To-morrow's Horoscope

TUESDAY, FEBRUARY 12, 1929

Good and evil planetary aspects conflict to-day, according to astrology. It is a time to be careful, for there may be a tendency

to be too optimistic in love as well as business aspirations. Women to-day are subject to the best direction of the stars, and should be stimulated to important activities. There is a sign read as favorable to romance, but there may be warning that is not serious. This should be a fairly lucky wedding day, since it presages prosperity that is assured by loving parents and loyal friends. There is a sign that is propitious for theatres, and at least one exceedingly successful drama is to make fame for author and producer.

While this is not a favorable way for literary work or even for letters there should be much pleasure in social intercourse. Informal hospitalities are subject to a heavy influence of the stars which seem to encourage domestic harmony as well as cordiality in friendship. The evening is not favorable to elderly persons, who will find the new year depressing.

Warnings are again given of the growth of Soviet propaganda which will breed discontent in certain industries. Abraham Lincoln, sixteenth President of the United States, was born on this date, 1809. Orders were claimed that as a birthday were Benjamin J. Lossing, historian, 1812; William Frederick Havemeyer, manufacturer, 1804.

Persons whose birthdate it is have the luxury of a year that is happy and prosperous. Much joy will come through friends. Children born on this day probably will be exceedingly intelligent, progressive and successful. Many of these subjects of Aquarius will succeed in the learned professions.

THE LAUGH LINE

A commercial traveler asked the barman of a country hotel where the bathroom was. He said: "I'm sorry I don't know, sir. I have only been here a month myself."

Auntie—I notice your dolly doesn't cry 'Mamma' when she is squeezed now.

Modern Child—No, auntie; but you forget this is her second season out.

Butler—Person at the door, sir, says he come about the suit.

Financially and Matrimonially Embarrassed Master—Which suit—lounge or divorce?

"It was a narrow escape all right; the car turned two somersaults."

"Evidently thought that one good turn deserves another."

MUTT AND JEFF—

SEATTLE SHIPPING

Seattle, Feb. 11.—The Kofuku Maru, the first vessel to lift grain at the new elevator at Victoria, B.C., is scheduled to begin loading there Wednesday. She will take on 2,000 tons there and then move to Vancouver, B.C., for an additional 5,000 tons.

The elevator at Victoria was completed recently and has a storage capacity of 1,000,000 bushels.

The O.R.K. carrier Paris Maru, now loading at Puget Sound port, will shift to Vancouver this week to complete loading. She will sail from there February 20 for the Orient.

CANADIAN NATIONAL EUROPEAN TOUR

Marvelous! Different! What You've Been Waiting For.

Never before have the opportunities for seeing Europe, in comfort, been better presented than in the Canadian National 1929 All Expense Tour through Great Britain, France, Belgium, Germany, Switzerland and Italy.

From \$416.00 up (Montreal-overseas and return to Montreal) you get a 38 day to 59 day sightseeing tour—visiting the old world—the cradle of civilization—of seeing world-renowned cities and beauty spots, historic sites and monuments. Sail from Montreal, July 5, on the Cunard Line SS. Anania. Everything along the way is arranged with no attention to detail necessary on your part. The assurance of desirable steamer accommodation and choice hotels on the other side—the elimination of the wrangling with taxi-drivers, porters, disappointments and delays are only a few of the advantages enjoyed by taking this most attractive tour, which offers great travel value. A feature is touring Scotland and England by motor coach.

Full details and information at City Ticket Office, 917 Government Street, Telephone 1342.

PAZO for PILES

SOOTHING, healing, and prescription for all forms of Piles. Money-back guarantee is each package. Tube with pile pipe, 75¢. Tin box, 60¢.

Japan Uses Ship Steel For Building

Anton Anderson, Chief Engineer of Ss. Iconium, Returns

Anton Anderson, chief engineer of the former United States Shipping Board freighter Iconium, sold by the C. P. Cox Corporation of Seattle to Osaka shipbuilders for scrapping purposes, returned as a passenger aboard the steamer President Jefferson, in port this morning from the Orient.

Captain Meyers and the crew of the Iconium returned by a previous American Mail Line vessel.

Interest was displayed by Chief Engineer Anderson in the troubled voyage of the freighter Alloway which, like the Iconium, is carrying a lumber cargo for the Canadian-American Shipping Company and will be scrapped on her arrival in Japan.

Osaka is becoming the scrapping ground for extensive tonnage built in the United States, according to Mr. Anderson. The scrap steel taken from the old ships, he says, is used in the manufacture of structural steel, while the engines are removed and sold. The Japanese company purchases the vessels under a bond that they be scrapped. Mr. Anderson denied that vessels so bought were being reconstructed by the Japanese.

Gracia Expected From U.K. Ports Early To-night

With seventy-five tons of general cargo for discharge at this port from the liner in the United Kingdom the Donaldson liner Gracia is expected at the William Head quarantine station this evening at 6 o'clock, according to wireless advice received in the city this morning by A. E. Shanks, of Rithet Consolidated Limited, local agents, from the master of the vessel. This time should bring the ship alongside the Rithet piers between 7 and 8 o'clock. It is expected that she will be able to get away to Vancouver before midnight.

WINTER SPORTS AT REVELSTOCK

For an enjoyable outing visit Revelstock for the winter carnival, February 12 to 15, inclusive.

Sports for everyone, skiing, snowshoeing, tobogganing, curling, skating, sleighing, ski-joring, dancing, etc.

Further particulars from any Canadian Pacific agent.

GULF ISLANDS SERVICE

Effective October 1, 1928, the steamer Otter will leave for the Gulf Islands on Mondays, Wednesdays and Thursdays at 7:15 a.m. The steamer Charmer will leave for Vancouver via the Gulf Islands on Tuesdays at 11:00 a.m.

JEFFERSON AFTER ROUGH PACIFIC TRIP

American Mail Liner Gets Tail End of Ground Disturbance

Brought in Light Passenger List; Cargo Heavy For Seattle

Completing a rough trip from China, Japan and the Philippine Islands, the American Mail liner Jefferson docked at the Rithet piers here this morning at 9 o'clock with one of the smallest passenger lists to be brought across the Pacific to Victoria and Seattle for some time aboard a ship of the American Mail Line.

Capt. Alvin C. Lustie, commander of the big green liner, said that, although rough, the weather was nothing more than was to be expected this time of the year. "There was not a great deal of wind," Capt. Lustie commented this morning after he had safely docked his giant charge here, "but we had an exceptionally low barometer in mid-Pacific and got the tail-end of a ground disturbance. It did not hinder the ship's progress at all though," he said, "and if necessary we could have been in port last night."

LIGHT LIST
The lightest list to be brought in from the Orient aboard an American Mail liner for some time arrived on the Jefferson this morning. There were only 152 passengers in all classes, fifteen in the first cabin and 147 in the steerage. One cabin passenger and twenty steerage left the liner at this port.

HEAVY CARGO
General cargo aboard the liner for Seattle was heavy, there being 5,500 tons for discharge at the Sound port. Only 100 tons, however, were left here. Included in the Seattle shipment was 1,700 bales of raw silk for Eastern

CAPT. A. O. LUSTIE

United States silk markets. Mail aboard the liner for this port included thirty bags for the local post office, which will be sent on to Vancouver for Canadian distribution, and twenty bags which were transferred to the seaplane and sent on to Seattle in charge of Pilot Percy Baines. Nearly 700 bags went on to Seattle for distribution throughout the United States.

Among the few passengers aboard the Jefferson this morning was Capt. G. M. Moffatt, en route to England on leave from his post in Hongkong. Capt. Moffatt served with distinction with the British army during the Great War and has been campaigning in India and China for several years.

Returning to Seattle after four years spent in Yokohama with the Seattle branch of Mitsui and Company, Kusui Ikeda was a passenger aboard the liner passing through Victoria to-day.

En route to the United States, where they will in future reside, John A. Mann and Mrs. Mann were among the passengers on the Jefferson. For several years they have been residents of Manila, where Mr. Mann was in business.

Morley C. Reid of the Eastman Kodak Company at Shanghai was a passenger en route to Chicago and New York.

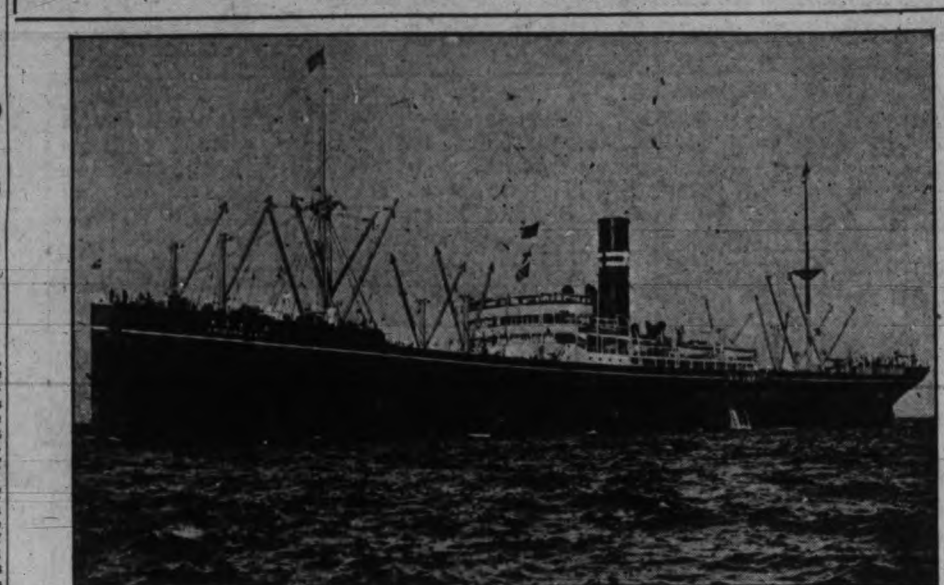

Other passengers in the first cabin of the liner this morning were Anton Anderson, marine engineer of the East, returning from a business and pleasure trip to Japan; Mrs. A. Shoffer, wife of a prominent importer of Java, on a visit to friends in Seattle; Chu You Sing, merchant of Shanghai, en route to New York on business; Chu Ting Shan, Chinese student, en route to Chicago to enter the university there; Masanari Uchiyama, importer and exporter of Osaka, returning from a business trip to Japan; Jacob Wolkow, hairnet importer of New York, returning to the United States from a buying trip in China and Japan.

TO SEATTLE
The Jefferson left for Seattle on schedule time at 10 o'clock. She will sail outboard to the Orient from Seattle and Victoria on Saturday, February 23. The next American Mail arrival from the Orient will be the President Lincoln, which is due here on Monday, February 25.

Detroit, Feb. 11.—A fall which forced her to withdraw from the 440-yard event wrecked the chances of Mrs. Lella Brooks Potter of Toronto to defeat Miss Loretta Neitzel, Detroit, in their unofficial world championship speed skating series, which finished here yesterday.

Mrs. Potter swung wide at a turn, fell and was unable to get back into the race, which was won by Miss Neitzel in 44 seconds flat.

EXPECTED AT MIDNIGHT

SS. ANANIA MARU

which will arrive at the William Head quarantine station at midnight from China and Japan, nearly twelve hours ahead of schedule. This time will bring her alongside the Rithet piers about 1 o'clock to-morrow morning to discharge 190 tons of general cargo. Seven steerage passengers will also leave the liner at this port before she proceeds to Seattle with a heavy general cargo, including a valuable parcel of raw silk.

Young Artist Spends Weeks As Stowaway

After two free trips across the Pacific and with the prospect of a third before his case is finally settled, H. Stevenson, a young artist whose nationality is the subject of dispute, arrived in Victoria this morning aboard the American Mail liner President Jefferson from Kobe, where he was placed aboard the liner by Japanese immigration authorities who declined permission for him to enter the country. He stowed away at either Victoria or Seattle when the President Cleveland of the same line sailed from those ports on January 12. Rough weather in mid-Pacific drove him from the stowhold, and he was put to work for the remainder of the voyage to Japan, where the captain of the liner turned him over to immigration officers who promptly ordered him to be returned to the United States.

Stevenson says he boarded the Cleveland at Victoria. Authorities disagree as to whether it was Victoria or Seattle he stepped on board. In the meantime he will be held in the immigration shed on Dallas Road while his case is being decided. He holds a British passport. If the inquiry board refuses to have him in Canada he will be returned to Kobe where the British consul will probably make arrangements for his return to England.

Matsuyama Meets Cochrane To-night In Billiard Play

New York, Feb. 11.—Kinney Matsuyama, the mighty atom of billiards, reaches a crisis in his gallant bid for the world's 15.2 ball line billiard crown to-night. He faces Wilkie Cochrane of Hollywood, a former champion in the world's 15.2 ball line billiard crown.

Despite the fact that Matsuyama, a dark horse, if there ever was one, leads the field with three straight victories, Cochrane, a dangerous and game player in the pinch, is the favorite at odds of 5 to 4.

These two with young Jake Schaefer alone are in the running for the title now held by Edward Horne of Belgium. Horne and Orabe of France have fallen by the wayside.

If Matsuyama loses one or the other of his two remaining matches, he still is assured of a tie for the title.

Blue Streak II. Claims Two New World's Records

Cochella, Calif., Feb. 11.—The Blue Streak II, outboard motored hydroplane, speeding through the extremely briny waters of the desert-encircled Salton Sea, yesterday set what was claimed to be two new world's records for that type of craft.

The speedboat, piloted by H. B. Ferguson of Long Beach, California, traveled five miles in seven minutes and forty seconds, an average of 39.15 miles per hour, to displace the old mark for the distance of 38.58. Later, the craft surged to a new standard for the mile straightway course, going 40.3 miles per hour, the second claimed mark.

Fred Printz Wins First Lap of Dog Derby at Truckee

Truckee, Cal., Feb. 11.—Fred Printz of Nevada County, California, won the first lap of the annual Sierra dog derby yesterday over a thirty-two-mile course from here to Tahoe Tavern and back. The time was 2 hours, 45 minutes, 31 seconds.

Scotty Allan, founder of the Alaska Sweepstakes, was second with 2 hours, 57 minutes, 33 seconds. Roy Stover of Idaho was third with 3 hours, 2 minutes.

The derby will continue to-day and Tuesday. Eleven teams participated.

COAST MANAGER EXPECTED BACK END OF MONTH

Capt. Cyril D. Neroutas, manager of the B.C. Coast service of the C.P.R., with headquarters in Victoria, will sail from England on his return to Victoria on February 16, according to a letter received here this morning. Capt. Neroutas did not mention whether or not he would come direct to Victoria from the East, but it is expected that he will be home by the end of February. He left Victoria in October to let the contract for two new steamers for the night service between Victoria and Vancouver, and also to attend the trial runs of the Princess Norah which ship arrived here some weeks ago.

Midwick Poloists Defeat Anzacs

Delmonte, Calif., Feb. 11.—Midwick defeated the Australian-Hawaiian Freebooters 11 to 10 yesterday in one of the hardest fought water chucker polo games ever seen here.

The game was the first of the Pacific Coast championship (high goal flat) series, and as a result Midwick will play in Wednesday's semi-finals.

To-day San Mateo plays Eastcott at 10:15 a.m. and San Mateo meets Green Tree at 3 p.m.

Finals were set for Friday.

The Anzac combination put up a great battle, and in general displayed better teamwork, except perhaps in the eighth and extra chukkers, against Midwick's individual stars. Except in the first period, they were ahead until tied in the sixth and again in the eighth chucker.

KOFUKU MARU BEING LINED AT OGDEN PT.

In preparation to loading 78,000 bushels of grain from Victoria's new elevator at Ogden Point, the Japanese freighter Kofuku Maru arrived at Ogden Point yesterday morning at 8 o'clock from sea and to-day lining was commenced in the holds of the vessel by the Empire Stevedoring Company. It is expected that the lining will take until, by every Tuesday, Thursday and Saturday until February 20, when the Kofuku Maru will leave for the other side of the pier when the grain will be loaded on.

SAN FRANCISCO SHIPPING

San Francisco, Feb. 11.—The Los Angeles Steamship Company's steamer Yale was in San Francisco harbor yesterday after a thorough overhauling which started when the vessel went into drydock January 21. The Yale will take up the service while the Harvard undergoes similar treatment, sailing on Wednesday morning. The ship will then move round to the other side of the pier when the grain will be loaded on.

Charles L. Wheeler, vice-president and general manager of the Los Angeles Steamship Company, announced yesterday that the company's vessels had passed in and out of the Golden Gate 100 times during 1928. The total included vessels from the company's four lines operating on as many different routes.

Many of the newest buildings in London obtain their water supply from artesian wells which go down 400 feet to the chalk bed below the city.
